And the following members-elect:—
Messrs. Thomas J. Gallagher, James L. O'Toole, Jr., Fred W. Weir and A. L. Wolk arose in their places and took and subscribed to the oath of office, which was administered to them by the City Clerk, Edward A. Schofield.

Present:—Messrs.

Anderson	McArdle
Evans	O'Toole
Gallagher	Weir
Garland	Wolk

Absent:—

Mr. Demmler

(Mr. Demmler being ill, the oath of office was administered to him at his home by John Duggan, Notary Public of the Commonwealth of Pennsylvania; the certificate therefor being on file in the office of City Clerk).

Mr. Anderson arose and said:

Mr. Chairman:— I arise at this time to place in nomination a member of this Council for the Presidency.

The gentleman I will nominate has experience, ability, education and the qualifications necessary to perform the duties of President.

It would be a pleasure, indeed, if the

gentleman I nominate received the unanimous vote of all the members of Council.

He has had the advantage of being a member of this Council under the retiring President, who has always been kind, considerate and fair in his rulings.

I pledge to the gentlemen of Council that the same kind of treatment will be received from the newly elected President, and in return let us pledge to him our full cooperation.

There will be many problems of importance come before the Council. Therefore, it is important to have a man of ability, a man of learning, a man of experience, as our President.

Since he has been a member of Council he has demonstrated that he is well equipped.

Recently he has proven his ability as the acting chairman of the Budget Committee.

In closing, let me say that the gentleman whose name I will submit is a member of an honored profession and knows and understands how laws should be made.

I therefore place in nomination the name of James L. O'Toole, Jr., for President of this Council.

Mr. Gallagher said:

Mr. Chairman:—I arise to second the nomination of Mr. O'Toole. Just fifteen months ago I had the honor of presenting Mr. O'Toole's name to this Council to fill the vacancy caused by the resignation of Cornelius D. Scully, who had been elected Mayor by this Council.

At that time I stated that Mr. O'Toole had the ability through previous experience. He served as Internal Revenue Collector in this City, is a very prominent attorney, and at that time I felt highly honored in placing his name before Council to fill the vacancy referred to. I also want to assure the members of Council that I will willingly at all times cooperate with the new President for the promotion of the best interests of the City of Pittsburgh.

I want also to take this opportunity to briefly say that I thank the citizens of Pittsburgh for the magnificent vote they gave me and the confidence placed

in me by reelecting me to a second term in Council.

Mr. Weir said:

Mr. Chairman, I too arise to second the nomination of Mr. O'Toole. I have been associated with Mr. O'Toole in a political way and later in this legislative body, for a long time, and I have found him a very capable, intelligent, hard and earnest worker, and I know that he will be able to fill this position as President of Council in a very able manner.

Mr. McArdle moved

That the nominations close on the name of James L. O'Toole, Jr.

Which motion prevailed.

And the result of the voting was as follows:—

For James L. O'Toole, Jr.:—Messrs.

Anderson McArdle

Evans Weir

Gallagher Wolk

Garland

(Mr. O'Toole not voting).

And James L. O'Toole, Jr., received seven votes, a majority of the votes of Council, and was declared duly elected President for the ensuing term.

The Chair (Mr. Schofield) appointed

Messrs. Garland and Evans a committee to escort the President-elect to the chair.

And the committee performed the duty assigned it and presented James L. O'Toole, Jr., to Council.

And the oath of office as President of Council was administered to James L. O'Toole, Jr. by City Clerk, Edward A. Schofield.

The Chair said:

Gentlemen:— I am grateful to you gentlemen for the vote of confidence by which you elected me to this high office, President of the one hundredth Council of the City of Pittsburgh. With this honor, you have imposed on me a special obligation. My appreciation of the first may be measured by my discharge of the second.

In cooperation with the members of this Council, I propose to do all that its President can do to maintain the authority and meet the responsibility of the Council in the City government and to advance and protect the rights of the City and its people in the State government.

As to the first, it is recognized that administrative policy, the economy and efficiency of the City departments, are not immediately subject to our direct formulation and control. But in this body, as the elected representatives of the people, is vested the authority to levy taxes and, with it, the concomitant authority to permit or prohibit expenditures of the peoples money, authority so grave that it imposes on this Council the obligation to exercise such prudence, intelligence and courage in passing on disbursements that we may, in a measure, guarantee sound policy and economy and efficiency in all departments.

As to the second, the rights of the City and its people at the hands of the State government, we who are charged with the financial well being of this City must use every means at our command, political, governmental and otherwise, to stop the constantly increasing burdens and exactions levied on us by the General Assembly without compensating returns from the State treasury. We should have from the State the right to tax utility real estate; we should have from the State a rebate of a fair share of the liquid fuel and other taxes which originate locally, the collection of which is made possible by the construction and maintenance of our streets and other public works at the expense of our own people; we should have from the State the cost of the construction, reconstruction, maintenance, and policing of through arteries which are properly part of the State highway system but which are not so legally classified; we should have from the State an administration of its Department of Assistance which will not compel our taxpayers to meet the cost of work for which the State has already raised funds from other sources; we should have from the State fair and adequate payments for services rendered by our Department of Welfare at Mayview and elsewhere, the present scale of compensation having been fixed years ago and now having no proper relation to the cost.

We must reestablish a balance between the interests of the urban and rural communities. We cannot be compelled constantly to increase municipal services and costs without an inevitable

increase in the taxes on city real estate which already bears more than its share of the cost of government and which can easily be taxed to worthlessness.

The next two years are not going to be easy ones for the City government but there is no reason why we should regard them pessimistically. A Mayor and a majority of Council, members of one party, running together elected together and serving together should be able to carry out any program they set their minds to.

I have alluded to party because I believe in party government and am interested in the continued political success of my party in the City and State. And being so interested, I realize that in the next two years the best possible politics is the best possible service. To that service I pledge myself and my party in the government of this City.

Gentlemen, I thank you again for the high honor you have done me today.

The **Chair** appointed Messrs. Anderson, Demmler and Gallagher as a Committee on Rules.

The **Chair** stated

That the appointment of Committee Chairmen would be made at a later date.

The **Chair** recognized Mr. **Gallagher**, who said:

Mr. Chairman:—I want to say briefly, as I stated before, that I am willing to cooperate at all times with you and the other members of Council for the best interests of the City of Pittsburgh.

I enjoy my work in City Council and enjoy my association with my colleagues, who have always been courteous and willing at all times to cooperate, and I feel just, as the Chair has stated, that within the next two years problems of importance will come before us, and while not pessimistic, we are going to solve these problems for the good of all concerned, and that the City of Pittsburgh will be recognized throughout the Nation, as we are recognized here with the slogan, "That Pittsburgh Promotes Progress"; and I, as a member of Council, will try to help make Pittsburgh "The Workshop of the World".

Mr. Wolk said:

Mr. President and Members of Council:— I deeply appreciate the opportunity that has been given to me by the people of Pittsburgh to serve them in this Council. I am grateful to them for the confidence they have imposed in me. I will try to the best of my ability to merit that confidence. I solicit the cooperation and assistance of my colleagues in the Council, Republican and Democrats alike, so that we can go forward together.

I am certain that all of us here will work zealously and earnestly in order that the City of Pittsburgh might become a better and a finer place for all of us in which to work and live.

May I say that I am very happy, particularly because on this occasion, I have with me my father and my mother.

Mr. Weir said:

Mr. President:—When I was elected to this body by the members of Council I felt it was the greatest thrill I had in my life, and I thought it was, up to that time, but to be elected to this great body by the citizens of Pittsburgh is surely the greatest and most treasured honor I ever had bestowed upon me in my life and as much as any man could expect.

I know the work that is before this Council, which you so ably told the people today, and I subscribe 100 per cent. to everything you said in your inaugural address.

Mr. Anderson said:

Mr. President:— While I am glad to welcome to our midst such an able, conscientious and quiet-mannered man as A. L. Wolk, who is about to start his work with us, I cannot, in justice to a colleague and an old acquaintance, fail to mention that I regret the passing from our body of Mr. Magee.

In the absence of Mr. Demmler, who is sick at home, I know that if he were here this morning, he would be pleased to thank his many friends for their kindness; for I know of no man who appreciates kindness more than Mr. Demmler.

Let me say to his many friends, especially those who supported him in the past election, that he thanks them even though he is not here.

We extend our sympathies to him and his family and hope and pray for his speedy recovery.

Mr. Evans said:

Mr. President, Ladies and Gentlemen:—I deem it a privilege to have served as a member of this Council for the past two years, and I think it was an opportune time for me to serve the people of Pittsburgh in a public way.

It has been my privilege to be commissioned with the responsibility of carrying out a very important program in this city, in my opinion, the most important that has ever been planned and projected, and that is the improvement of living conditions of the people of Pittsburgh.

I am very glad that we are getting along with this new administration that we can say we have really arrived at the very door step of success in carrying out a great program for the betterment of housing conditions for the people of Pittsburgh, and the legislation that we have been fighting for so long in the Federal and State Governments has become an accomplished fact and that we have workable legislation under which a Commission has been created and appointed, through which this great program can be carried out.

I feel within the next two years, during this administration, that we are going to put into concrete form the tremendous program which we have been indulging in during the past year.

I am very glad to say that we have actually prepared and have the facilities for which the work can be done for about two thousand houses for the poor in Pittsburgh; and I think if there is any piece of work that can be considered constructive, in the interest of public welfare and in the interest of the common people of Pittsburgh, that this program, if I may say is the most important that faces this city at this time.

It is my privilege as a member of Council to help this program along with the other members of the Pittsburgh Housing Commission (some of whom are present). I am glad that Mr. Lehman is back from Florida. His services have been of great help to the Commission. We are ready to go to work, and I am sure that we will have 100 per cent.

cooperation from the City Council and the Mayor.

I thank you, Mr. President, for permitting me to say these few words, and I want to assure you that you will have my hearty cooperation and utmost assistance in every way.

The Chair said:

The Chair recognizes the last of the Mohicans, Mr. Garland.

Mr. Garland said:

Mr. President:— After that fateful day, November 2nd, many of my friends would have accused me as being the "Lone Wolf". I want the politically minded people in this audience (many of whom are former Republicans) to recognize that I should not be called the "Lone Wolf", as I do not recognize that my colleagues should be called "Lambs", but rather call me the "Last of the Mohicans" temporarily.

I have a high regard for our new President and will cooperate with him to the fullest and if, occasionally, party lines are drawn, I want the people to understand that I am in the minority. However, in the majority of cases everything we do in Pittsburgh is for the common welfare.

I am sorry to see Mr. Magee going out and I hope that he will come back again.

Mr. McArdle said:

Mr. President and Newly-sworn in and Newly-chosen Members of this Body:— I want to congratulate the President on his new honor and to congratulate the members on their reinstatement as members of this Council and Mr. Wolk upon his venture into this sanctatorium.

I don't want to make a speech and I'm sure that no one wants to listen to one.

I listened to the introductory remarks of the new President of Council, and I confess that they sounded splendidly, and I, of course, have rather definite ideas upon the questions and problems of government, particularly city government, of which I am best acquainted, and I shall deem it a privilege to work upon the lines indicated, reserving, of course, as one must, the right to determine for myself, whether what is proposed or projected from time to time, may be in harmony with

my views as expressed and now referred to.

I believe in party government, but only as an agency for the promotion of principles and policies and whether it may be my party or another party I believe it is entitled to support as long as it is promoting right principles and good policies rather than persons.

And I am sure that is what is in the mind of the President in the remarks he made.

I have worked for a long time in this body. I have seen many members come and many members go, and I am happy to be able to say that most of my experience in Council has been a very, very pleasant one.

There may have been occasions when I differed with the members of Council, but in all the time I have been a member of Council I have tried to train myself to respect those members with whom I differed and to win and to deserve their respect. That will continue to be my policy as long as I am a public officer.

As in the past, so it will be in the future, I shall deem it a pleasure, as well as a very great privilege to be one member of this Council and to work cooperatively with those who are striving to do the things that I believe—and in the light that God gives me to see them—that are worth while and ought to be done in the interest of the commonwealth. With all who serve with that as their motive I shall regard it a pleasure to serve and cooperate with them.

Therefore, I hope for this new group of Council, or the group now beginning a new Council and the President of this Council, a pleasant and successful administration of their offices in the interest of the people of the City of Pittsburgh who have honored us by giving us an opportunity to serve them. I thank you.

Mr. Anderson moved:

That Council recess until 11:45 o'clock A. M.

Which motion prevailed.

And Council recessed.

And the hour of 11:45 o'clock A. M. having arrived, and the time of the re-

cess having expired, Council reconvened, and there were present:

Messrs:—

Anderson	McArdle
Evans	Weir
Gallagher	Wolk
Garland	O'Toole, (Pres't)
Absent:—	
Mr. Demmler.	

The Chair appointed Messrs. Garland and Weir as a committee to escort the Mayor-elect, Honorable Cornelius D. Scully, to the Council Chamber.

And the Committee having returned and presented the Mayor-elect to the Council,

The Chair presented

No. 6.

County Board of Elections of Allegheny County

Pittsburgh, Pa.,
November 26, 1937.

CERTIFICATE OF ELECTION

We, the undersigned, members of the County Board of Elections of said county, hereby certify that after tabulating the votes cast at the Municipal Election held on the second day of November, 1937, in said county it appears that Cornelius D. Scully was duly elected to the office of Mayor of City of Pittsburgh in the county aforesaid.

Which was read, received and filed.

And the Mayor, Cornelius D. Scully, having been presented to Council, took and subscribed to the oath of office which was administered to him by Honorable G. Malcolm McDonald, a Judge of the County Court of Allegheny County.

Mayor Scully said:

Ladies and Gentlemen:— I enter upon my first elective term with mingled feelings of gratitude for the support which I have had in the past year and three months from a fine City Council,

and from the people of the City of Pittsburgh generally, and in appreciation of the grave responsibilities of this office.

While fifteen months is but a brief span in the life of a city, I feel that a great deal has been accomplished in that time,—in the way of beginnings, of co-operation for the growth of Pittsburgh, for the greater development of our City.

It is a matter of some gratification to reflect upon the decrease in taxicab and bus rates; on the fact that there are now running on our streets an ever increasing number of swift and efficient street cars; that during the past year the record for traffic accidents was appreciably bettered and that many of our citizens are now alive who, had the record of previous years been continued, would have found death as a result of automobile accidents.

It is a matter of gratification also to feel that out of 76 strikes listed in the papers of January 1st, we have come through without a single fatality, practically no physical violence, and only one or two arrests.

It is proper to mention some of the problems which confront the City in the four years to come. Among these is the administration of our Safety Department, both as to its function in policing the City as to persons and property and in safeguarding life and limb. This administration is pledged to do everything in its power to prevent any connection between vice and rackets and the Police Department. This administration is pledged also to carry on a campaign for safety to life and limb and to pursue vigorously the effort to make Pittsburgh the safest city in the United States. We look with pride upon the fact that in the face of rising accident rates throughout the Nation and the State, and even in the County outside the limits of the City of Pittsburgh, Pittsburgh reduced its record of fatalities for the past year.

Too much cannot be said in this connection for the fine co-operative work of the Better Traffic Committee and the Western Pennsylvania Safety Council and the many other agencies who have contributed so much of voluntary service for the past year.

Governor Earle has initiated a cam-

paign throughout the State to make the highways of the State safe for its people, and to this fine effort of our splendid Governor we offer and pledge our full co-operation as a municipality.

The activities of our Public Welfare Department grow with the times. The business recession has again thrown on it a burden difficult to carry on. The Public Welfare Department has in mind a project to undertake, in co-operation with other agencies, to keep the unemployment census up to date and make it the useful instrument which it should be for a basis for re-employment. To that end, it proposes to work in co-operation with the Federal and State employment agencies, and undertake, not only to find jobs, but to fit people to the jobs. But even this is not sufficient. It is obvious that money must be found and work must be created if the morale of the workers is not to be lowered by the constant threat of unemployment and dire poverty.

Our Public Works Department plans to co-operate with the County and the State. We must adopt a program which will appeal to all the people of the community, as the proper and fitting one for the rehabilitation of the physical plant of the City,—our streets, our sewers and our bridges.

There is a common feeling, for example, that the Wilmot Street bridge forms a bottle neck which throttles the flow of traffic from the Squirrel Hill District to the downtown, and every impediment to traffic constitutes also a safety menace. Although the proposal to widen and rebuild the Wilmot Street bridge was included in the last bond proposal put before the people, that proposal was defeated. Should a new bond proposal be submitted to the people, it will be based upon specific projects of which, of course, the Wilmot Street bridge would be one, and the principle underlying another appeal to the people for the right to undertake a program of public improvements will be the same which applies to any private corporation. The borrowing of money is premised upon and should be premised only upon the potential earnings to be realized from the expenditure of that money, which earnings are to be such, either in savings of operating

expenses, or greater actual production, as would justify the borrowing.

The County of Allegheny is proposing to make the necessary improvements to connect the Liberty Tubes with a North Side bridge at a site approximately at 11th Street. Such an improvement will involve also the expenditure of money by the City, a source for which money must be found.

The City is faced with a great problem in recreation. To put the various playgrounds which the City now owns into proper physical condition, to obtain their highest usefulness, will require the expenditure of a substantial amount of money,—probably a minimum, I would say, of \$500,000, and probably a great deal more. In the interest not only of intelligent administration and of the conservation of human values must this work be done, but more must be expended on the recreation program providing playgrounds and recreational facilities for every child and adult in the City.

A program of beautification of the City's bare hillsides must be an essential part of the policy of the Works Department program.

Public Health: The matter of the public health is a vital one and this administration pledges itself, as it did previously to attempt to solve the problem of the Municipal Hospital and to continue the campaign against such menaces as pneumonia and syphilis. These latter two scourges particularly cost the taxpayers of the City of Pittsburgh hundreds of thousands of dollars every year and no sounder economic proposal could be submitted to the people than the expenditure of reasonable amounts of money to eliminate them.

The fiscal policy of the City of Pittsburgh is a matter of vital interest to every taxpayer. The City Council is deserving of thanks for its efforts to balance the City's budget for the ensuing year, and I desire now to express my appreciation of that effort and to assure them and the citizens of Pittsburgh that the heads of the Departments and the Executive Department of the City will make every effort to live within the same.

With all sincere sympathy for those who find themselves as a result of the

effort for economy, eliminated from the payroll, the steps which the Council have taken were necessary to be taken.

Thanks to our efficient Treasurer, the collections from taxes and other sources during the past year exceeded the budget estimates, and it is my firm conviction that the same conscientious, untiring effort applied this year will bring similar results.

It is my belief that by making use of the legislation recently enacted, permitting the co-operation of the School Board and the County with the City in the clearing up of delinquent taxes, substantial results will accrue to the City.

During the time that I have served in the office of Mayor, there has been the finest spirit of co-operation between the office of the Controller and the Treasurer and the Mayor, and I desire to publicly express my appreciation of this, and at the same time, of the fine work and fine results effected through the Controller's office in the refunding of the short term notes,—a very large financing operation, conducted quietly and successfully in an extremely limited period of time.

In the administration of the affairs of Pittsburgh during the past 15 months, it has not been only the various Departments of the City Government that have co-operated so generously and efficiently, but scores of outside agencies have done so and have proven themselves of great value, not only in intangible ways, but in very tangible ways, to the City of Pittsburgh. The Pittsburgh Convention Bureau brought to the City conventions last year with 92,000 delegates, and I am convinced will exceed that record this year. Already 75 conventions of more than 50,000 prospective delegates have been scheduled.

The Commission on Industrial Expansion not only has brought industries to the City of Pittsburgh and retained industries, but is getting across to the people of this community and of the Nation generally the demonstrable advantage of Pittsburgh as a manufacturing center. The return of the operating headquarters of the U. S. Steel Corporation to Pittsburgh is a matter of congratulation, and the spirit

of co-operation between all the industries and these various agencies bespeaks for Pittsburgh a fine and happy future.

It has been my idea of municipal administration that the Council and the Mayor should frequently confer and in the freedom of such conference, work out the major principles upon which they should legislate.

I know that I shall have the full co-operation of this most able council in this approach to major City problems.

It is my hope and ambition that during the next four years we may adopt for Pittsburgh a program, and that the slogan of this administration and the slogan of the City should be a "Program for Pittsburgh", which program shall involve our industrial, civic, cultural and aesthetic development, to the end that Pittsburgh shall be in the days to come, though we who are here today may not be here to see it, the City of our dreams.

President and Members of
The City Council
City-County Building
Pittsburgh, Pennsylvania.
Gentlemen:

I am transmitting herewith Bill 4029 duly signed.

The objection has been raised that under the terms of the Ordinance the City may be called upon to arbitrate disputes over the classification of workers.

May I suggest that further conferences be held with the proper authorities to iron out such difficulties as do appear possible under the terms of this ordinance, and to so amend the ordinance as to avoid any possibility of the City being put in the position of an arbitrator in jurisdictional disputes, and the consequent embarrassment thereon.

Sincerely yours,
Cornelius D. Scully,
Mayor.

MOTIONS AND RESOLUTIONS

Mr. Gallagher moved

That the following members be

excused for absence from Council and Committee meetings:—

Mr. Demmler on December 14, 15, 20, 21, 22, 27, 28, 29, 31, 1937; January 3, 10, 11, 1938;

Mr. Evans on November 22, 23, 24, December 1, 7, 15, 16, 29, 1937;

Mr. Garland on November 24, December 7, 1937;

Mr. Magee on December 16, 28, 29, 1937;

Mr. McArdle on November 15, 16, 1937;

Mr. Weir on November 16, December 13, 14, 27, 28, 29, 1937; January 10, 11, 1938.

Which motion prevailed.

The Chair presented

No. 145. RESOLVED, That Edward A. Schofield be and he is hereby discharged and dismissed from the office of City Clerk, the said Edward A. Schofield having given evidence satisfactory to the members of Council that he is not a competent person to fulfill the duties of the said office and has not behaved himself well therein.

Which was read.

Mr. Wolk moved

The adoption of the resolution.

Mr. Schofield said:

Mr. President:—May I make a brief statement?

The Chair said:

We will hear you later.

Mr. McArdle arose and said:

Mr. President:—I rise to a point of order.

The Chair said:

Will Mr. McArdle state the point.

Mr. McArdle said:

Mr. President:—The point is, that there is no evidence before the Council in substantiation of that part of the statement following the proposal to remove Mr. Schofield, and in the absence of that, there is no authority in Council to bring about such removal by the passage of such a resolution.

The Chair said:

On Mr. McArdle's point of order. If any member of Council believes that there is no evidence satisfactory to him he has his remedy to vote No.

Mr. McArdle said:

May I ask the Chair to rule directly on the point?

The Chair said:

The Chair has ruled directly on the point and the motion can properly be entertained.

Mr. McArdle said:

I rise to appeal from the decision of the Chair.

The Chair said:

The decision of the Chair has been appealed from. The question is, "Shall the decision of the Chair be sustained?" Those in favor will vote Aye; those opposed, No.

And a majority of the votes being in the affirmative,

The Chair said:

The decision of the Chair is affirmed. Are there any further remarks?

Mr. McArdle arose and said:

Mr. President:—What I am going to say now is what I would have said on the ruling of the Chair on the point of order I raised, where it would have been properly before the body and before the decision of the Chair became the decision of the body.

I am not going to vote for or against the resolution because of the firm conviction I have that the procedure is not and cannot be made a legal one on the basis on which it is now before this body.

It has been my understanding of the law, covering a number of years, that this office is a creature of the State Legislature, and that the Council is given certain powers to fill it only when there is a vacancy, likewise as other bodies do, and there is no way under the law or under certain procedures like this to create vacancies, until charges have been filed and hearings held and the accused given an opportunity to present a defense. You do not provide such a procedure in this case.

I take it if this procedure were to stand, as the law of the City of Pittsburgh, after the creation by the Legislature of the City Council, and the same procedure applied to City Council, we would face a rather unique situation.

I take it that if this legislative act

that it is proposed to pass here now is good law, then the majority of the body might at any time when the circumstances existed and their pleasure warranted, by this same procedure, remove a member of this Council. The present chairman up until the beginning of his present term was a member of this body by exactly the same procedure as is the city clerk, and if the passage of a resolution like this is within the power of this body, then it could have exercised that power to remove Mr. O'Toole (and I use Mr. O'Toole as one of numerous names before this body since 1911).

It would appear to me that to carry out that theory would be to presume that any time between last October a year ago and the last election, the Council of the City of Pittsburgh could have removed the Mayor of the City of Pittsburgh by the passage of a resolution; and carrying it further back and in almost innumerable instances, that the persons who appointed an individual to an office, the power of which rested in other hands for the permanent filling, could remove such persons. That would have included the first nine members of this Council who were appointed in 1911 by a Governor.

It might stretch into assuming that the Governor could remove at any time, at will, a member of the Judiciary he might appoint under the terms of the law or the constitution, whichever happens to apply, though I am not so convinced that the same might apply to the judiciary as it does to these other cases; but it certainly would include the members of the Senate of the United States when they were filling a vacancy which had been created, and had been filled by the Governor, by expressing publicly his belief that they had not properly filled or met the requirements or duties of that office, without offering any proof and/or an opportunity of defense for those who might fail to discharge the duties of the office.

I think it is quite sufficient to point out these few cases, which upon examination may be found to have numerous parallels, to show that this is a very weak position for the legislative body of the City of Pittsburgh to take in disposing of a public official who has been placed in his position in ac-

cordance with the specific provisions of the law governing the same body, namely, the Legislature of the State, which created this body and which limited specifically in the creation of this body the power it might exercise over this particular office by definitely excluding it from any change, which had as far back as 1873 been accepted as the legal position of this office, which was evidently intended by the Legislature to preserve it from any possibility of the exact kind of disturbance in it that this resolution, if it passes and becomes effective, brings about.

I hold therefore that any attempt to create a vacancy by the methods set forth in this resolution is outside the powers of this Council and outside of the law, and therefore not properly before the body, and for that reason I do not intend to vote for it, being of the belief that it is illegal and improperly before the body for its action.

The **Chair** said:

If there are no further remarks, we will accord the privilege of the floor to Mr. Schofield.

Mr. **Schofield** said:

Will some member of Council read my statement?

Mr. **McArdle** said:

May I ask that Mr. Schofield be accorded the privilege of reading the statement that he has prepared?

The **Chair** said:

Request has been made that Mr. Schofield be accorded the privilege of making a statement. If there is no objection, it will be so ordered.

Mr. **Schofield**:

Mr. President:—As the record of this Council shows, I was elected City Clerk on September 2, 1936 in accordance with the Act of March 7, 1873, P. L. for the balance of the then existing term. I am advised by competent legal counsel that my tenure of office continues during good behavior until April, 1939 and that I cannot be ousted except upon misbehavior in office or upon conviction of infamous crime. No charge affecting my conduct in office or my personal character has been made by anyone and I desire that it become a matter of record of this honorable

body. I urge forbearance on the part of the majority and further consideration before final action. In the event this effort should be persisted in, I hereby give notice that I will not yield title to the office of City Clerk but will assert my right thereto by proper legal proceedings.

The **Chair** said:

Mr. Schofield's statement will be made a part of the record, if there is no objection.

Mr. **Garland** arose and said:

Mr. President:—I wish to say that I am not going to vote on this resolution for the reason that I think it is an illegal procedure. The accused has not been given an opportunity to refute the charge named therein. He is being denied that opportunity. Therefore, I believe the whole proceeding is illegal.

And the question recurring on the adoption of the resolution, the ayes and noes were ordered taken, and being taken, were:

Ayes:—Messrs.

Anderson

Weir

Evans

Wolk

Gallagher

O'Toole, (Pres't)

When the name of Mr. Garland was called, he said:

Mr. President:—I am not voting.

When the name of Mr. McArdle was called, he said:

Mr. President:—I desire to be recorded as not voting for the reasons already stated in my remarks.

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The **Chair** said:

The position of City Clerk is declared vacant. The Chair will entertain nominations for the office of City Clerk.

Mr. **Evans** arose and said:

Mr. President:—I nominate Edward W. Lindsay for the office of City Clerk to serve for the balance of the ensuing term of three years.

The **Chair** said:

Are there any further nominations?

Mr. Anderson moved

That the nominations close on the name of Edward W. Lindsay.

Which motion prevailed.

And the result of the voting was as follows:

For Edward W. Lindsay:—Messrs.

Anderson Weir

Evans Wolk

Gallagher O'Toole, (Pres't)

When the name of Mr. Garland was called, he arose and said:

Mr. President:—Under ordinary circumstances, I would be glad to vote for Mr. Lindsay, but in order to be consistent, I will not vote.

When the name of Mr. McArdle was called, he arose and said:

Mr. President:—I want to be recorded as not voting, because of my belief that no vacancy exists in the office on which you are voting.

And Edward W. Lindsay having received six votes, being a majority of the votes of Council, was declared duly elected City Clerk to serve for the balance of the ensuing term of three years.

The Chair said:

If Mr. Lindsay is prepared to qualify, we will proceed to administer the oath of office.

Mr. McArdle arose and said:

Mr. President:—As the record stands, Mr. Lindsay has not yet resigned as Assistant City Clerk. Is he therefore qualified to take the oath of office as City Clerk?

The Chair said:

To keep the thing in order would be for Mr. Lindsay to resign as Assistant City Clerk in order to qualify for the office of City Clerk?

The Chair presented

No. 146.

To the President and

Members of City Council.

Gentlemen:

I hereby tender my resignation as Asst City Clerk.

Very respectfully yours,

E. W. Lindsay.

Which was read, received and filed, and on motion of Mr. Anderson, accepted.

The Chair said:

Mr. Lindsay, are you prepared

to take the oath of office as City Clerk?

Mr. Lindsay said:

Yes, sir.

And Mr. Edward W. Lindsay took and subscribed to the oath of office which was administered by President O'Toole.

The Chair said:

The office of Assistant City Clerk being vacant, nominations are in order.

Mr. Weir arose and said:

Mr. President:—I nominate James W. Patterson, 5437 Ellsworth Avenue, for the office of Assistant City Clerk.

I have known Mr. Patterson for a long time, and I think he has the necessary qualifications and the ability to fill the position of Assistant City Clerk.

The Chair said:

Are there any further nominations?

Mr. Anderson moved

That the nominations close on the name of James W. Patterson.

Which motion prevailed.

And the result of the voting was as follows:

For James W. Patterson:—Messrs.

Anderson Weir

Evans Wolk

Gallagher O'Toole, (Pres't)

Mr. Garland and Mr. McArdle not voting.

And James W. Patterson having received six votes, being a majority of the votes of Council, was declared duly elected Assistant City Clerk to serve for the balance of the ensuing term of three years.

The Chair said:

Are there any further motions and resolutions? If not, the next order of business is the approval of the minutes of Council of the preceding meeting.

Mr. Weir moved

That the Minutes of Council of Monday, January 10, 1938, be approved.

Which motion prevailed.

And, there being no further business before the meeting, the Chair declared Council adjourned.

No. 218.

Pittsburgh, Pa.
January 27, 1938.

Mr. John Schlipp, Jr.,
Clerk of Finance Committee.

Dear Sir:—

In reply to your request for reasons for the passage of Bill No. 169, an Ordinance to fix rates for me-

ters which have been removed, our Board is of the opinion that part of Section 2 of the present water rent Ordinance, appearing on page 12 of the booklet attached, under the heading "Explanation of the Foregoing Schedule", does not comply definitely enough to cases of stolen meters, but only indicates what rate shall be charged where meters are not in approved service.

The proposed meter Ordinance, we think, will prevent the all too frequent destruction or alleged theft of meters.

Yours truly,

James W. Gray
Harry J. Earle
John J. Baker
Board of Water
Assessors.

Which was read, received and filed.

WHEREAS. The improvement of Banksville Road from Mt. Lebanon Township through the Borough of Dormont to the traffic circle at the intersection of Woodville Avenue, and the Saw Mill Run Boulevard now in the course of construction, will when completed divert a large volume of traffic now using other routes, through Banksville Road into Saw Mill Run Boulevard, much of which will use the traffic lanes between the traffic circle and the intersection of Main and Carson streets, which lanes may then prove very inadequate to the traffic burden placed upon them, and

WHEREAS, It has frequently been

proposed that new traffic arteries be developed between the traffic circle at Banksville Road and Main and Carson streets, Now, therefore, be it

RESOLVED, That the Department of Public Works, with the cooperation and advice of the City Planning Commission, be requested to negotiate with the Board of County Commissioners of Allegheny County, with a view to having the Board of County Commissioners request the State of Pennsylvania to cause the improvement of new traffic arteries within the area above mentioned, said areas being a part of State Highway Routes, the Director of Public Works is further directed to report back to Council the result of said negotiations.

MOTIONS AND RESOLUTIONS

The **Chair** (Mr. **Anderson**) presented No. 229.

WHEREAS, The Pittsburgh Unit of the FEDERAL WRITERS' PROJECT has prepared a comprehensive Guide Book of the City of Pittsburgh and its environs, containing material of interest and information, with reference to the historical, industrial and cultural background of the City; and,

WHEREAS, No individual shall receive a profit from the publication of said work; and,

WHEREAS, Under governmental regulations the Project must be sponsored by some person, corporation or municipality; and,

WHEREAS, Such sponsor will hold the copyright privilege for a period of five years, and will receive royalties at the rate of ten per cent (10%) after the sale of the first five thousand copies, such royalties to be held by the sponsor and set aside for the publication of additional Project Books, and the other 90% of said royalties to be allotted to the William Penn Association of Philadelphia, a non-profit corporation created solely for the purpose of publishing Federal Writers' Project books; and,

WHEREAS, No advertising will appear in the proposed publication; and,

WHEREAS, The City will undertake no financial obligation of any kind by

reason of its sponsorship of the Project; Now, Therefore, be it

RESOLVED, That the City of Pittsburgh will act as sponsor for the "Pittsburgh Guide", prepared by the Federal Writers' Project, and will receive and hold the net income of the book at the rate of ten per cent (10%) after the sale of the first five thousand copies, which royalties shall be held for the publication of additional books prepared by the Federal Writers' Project, and the Mayor is hereby authorized to sponsor, in the name of the City of Pittsburgh, the publication of the "Pittsburgh Guide" by the Federal Writers' Project.

Which was read.

Mr. **Evans** moved

The adoption of the resolution. Which motion prevailed.

Mr. **Garland** presented No. 230.

WHEREAS it has pleased Almighty God to remove from our midst James W. Gray, Chairman of the Board of Water Assessors, an intelligent, able, unassuming gentleman, and a public official who has served the City of Pittsburgh and the former City of Allegheny for more than 50 years with distinction, and to the credit, of himself and his city; and

WHEREAS, It is the opinion of this Council that his passing should not go without some record being made of the useful service he performed and of the high type of citizenship which he manifested in his daily life; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh place upon its record this tribute of esteem to one who throughout a long life has been an example both as a public servant and as a citizen of this city; and be it further

RESOLVED, That a copy of this resolution be sent to his widow as an expression of sympathy and respect.

Which was read.

Mr. **Garland** moved

The adoption of the resolution. Which motion prevailed by an unanimous rising vote.

And upon motion of Mr. **Evans**

CITY OF PITTSBURGH

Office of the Mayor

February 5, 1938

President and Members of
The City Council
City of Pittsburgh

Gentlemen:

The authority to create a commission for the purpose of establishing a park at the Point as a proper historical memorial was created by Resolution No. 109, passed by your Honorable Body August 27th and given my approval September 2nd.

Since that time I have endeavored to secure the names of such persons as through their interest and their standing might serve well in this capacity.

I have construed my authority broadly to endeavor to accomplish the purpose of enlisting as large an interest in this project as possible and at the same time have endeavored to create an executive group small enough to function effectively. It is my opinion that the steps being taken by the Federal Authorities will require further cooperation between this Commission and State and National Agencies. To this end I have given a substantial representation to both city and county as agencies very vitally concerned.

The Commission as such is made up as follows:

Dr. Leland D. Baldwin, Professor of History, University of Pittsburgh.
Honorable Herman P. Eberharter, Member of Congress.

Honorable John S. Fisher, President, Pennsylvania Historical Society.

Frank C. Harper, Secretary and Treasurer, Pittsburgh Chamber of Commerce.

Honorable John S. Herron, County Commissioner.

Honorable John J. Kane, President Board of County Commissioners.

Mrs. John E. Nelson, President, Daughters of the American Revolution.

Honorable James L. O'Toole, Jr., President, City Council.

Honorable George Rankin, Jr., County Commissioner.

Frank M. Roessing, Director of Public Works.

Honorable C. D. Scully, Mayor, City of Pittsburgh.

Honorable Ralph H. Smith, Judge, Common Pleas Court.

Herbert Spencer, President, Pennsylvania College for Women.

Fred W. Weir, Member, City Council.

Mrs. William P. Witherow, President Twentieth Century Club.

I have asked Mr. Frank C. Harper to serve as acting Chairman for this Commission.

All members of the Commission will serve without compensation.

Within a few days I shall appoint approximately One Hundred (100) persons as members of an advisory group to serve with the Commission herewith appointed in the development of this project.

Sincerely yours,

CORNELIUS D. SCULLY,

Mayor.

Which was read, received and filed.

Also

No. 279. Communication from Congressman Herman P. Eberharter, inviting the Members of Council to attend a meeting on Saturday, February 12, 1938, in the Court House for the purpose of discussing with county, state and various civic representatives the question of an historical memorial at "The Point."

Which was read, received and filed.

City of Pittsburgh,
Office of the Mayor
February 8, 1938.

President and Members of
The City Council
Gentlemen:

I am returning herewith Bill No. 30, an Ordinance amending Section 2 of Ordinance No. 335, entitled, "An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh, and providing penalties for the violation thereof", with my signature affixed thereto. Some objection has been raised to this Ordinance.

After giving this much serious thought, I have decided to affirm the best judgment of our Traffic Engineers and our Traffic Planning Commission.

A recent ruling by the City Solicitor prohibits our continuing this plan on an experimental basis. I am firmly convinced, however, that we must be willing to consider this Ordinance as a tentative arrangement which we shall be willing to change should further investi-

gation show that it is unwise public policy.

Sincerely yours,
Cornelius D. Scully,
Mayor

Which was read, received and filed.

The Chair at this time announced the appointment of Mr. Weir as a member of the Board of Trustees of the Carnegie Library, vice Mr. O'Toole, resigned.

Pittsburgh, Pa., February 16, 1938.
President and Members of
The City Council
City-County Building
Pittsburgh, Pennsylvania.
Gentlemen:—

I am returning without my signature ordinance entitled "Bill No. 27".

The reason for my disapproval lies in the possible economies that may be effected through a closer examination of the properties involved and through a possible combination of fire fighting facilities in the district.

As soon as this survey is completed, I shall inform you through the medium of the Department of Public Safety. Meanwhile I must ask that, in the interest of possible economy and efficiency, action on this ordinance be delayed.

Very truly yours,
Cornelius D. Scully,
Mayor.

Which was read.

Also

Bill No. 27. An Ordinance entitled, "An Ordinance appropriating the sum of Eleven Thousand (\$11,000.00) Dollars, from Bond Fund 132, and One Thousand (\$1,000.00) Dollars, from Bond Fund 127, to provide funds for the cost of remodeling and reconstruction of No. 11 Engine House situate at Ninth and Bingham streets in the 17th Ward of the City of Pittsburgh".

In Council, February 7, 1938, bill read, Committee amendments agreed to, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. Anderson moved

That further action upon the communication and bill be postponed for one week.

Which motion prevailed.

The Chair also presented
No. 372.

Pittsburgh, Pa., February 16, 1938.

Which was read.

Also

Bill No. 27. An Ordinance entitled, "An Ordinance appropriating the sum of Eleven thousand (\$11,000.00) Dollars from Bond Fund 132, and One Thousand (\$1,000.00) Dollars from Bond Fund 127, to provide funds for the cost of remodeling and reconstruction of No. 11 Engine House situate at Ninth and Bingham streets, in the 17th Ward of the City of Pittsburgh".

In Council, February 21, 1938, bill returned without Mayor's approval, and further action postponed for one week.

Which was read.

Also

Bill No. 372. Communication from the Mayor returning without his approval, Bill No. 28, An Ordinance providing for a contract or contracts for remodeling and reconstruction of No. 11 Engine House.

In Council, February 21, 1938, read and further action postponed for one week.

Which was read.

Also

Bill No. 28. An Ordinance entitled, "An Ordinance providing for a contract or contracts for remodeling and reconstruction of No. 11 Engine House, situate at Ninth and Bingham streets, in the 17th Ward of the City of Pittsburgh, in an amount not exceeding Twelve thousand (\$12,000.00) Dollars, and for the payment of the cost thereof".

In Council, February 21, 1938, bill returned without Mayor's approval and further action postponed for one week.

Which was read.

Mr. McArdle arose and said:

Mr. President:—The action taken by the Council on these ordinances is in accordance with the information furnished it by the Department of Public Safety.

If sufficient study of the question has not been made, delay on the matter of providing adequate fire protection for the residents of the South Side should not be laid at the door of Council.

Any delay that is occasioned in providing housing facilities for the fire apparatus or equipment should be blamed on the department.

The only thing I ever heard was that there would be a combination of the two engine houses in a new location, thereby eliminating the two engine houses now located on the South Side. This is a long ways off, and for that reason I think this temporary investment of \$12,000.00 to repair the No. 11 House is proper; it would remedy a long-standing need there. A substantial outlay in money would have to be made for a new place, plus the abandonment of the two existing houses, and anybody having experience with the sale of city real estate knows that is is not sold within a reasonable time.

I would suggest that the Council pass these two bills vetoed by the Mayor and if it should be determined later to go through with the consolidation of the two houses at a time when circumstances warranted it, we can repeal these ordinances. It will take some time to prepare the necessary plans and advertise for bids and award a contract for the repair of No. 11 Engine House, and in the meantime the Mayor and the Director of the Department of Public Safety should proceed with their study of locations and the construction of a combination house.

Mr. Gallagher arose and said:

Mr. President:—I also wish to state that these ordinances were submitted to Council with the recommendation of the Director of the Department of Public Safety. So far as I can see there is need for two engine houses in that neighborhood. Therefore, I agree with what Mr. McArdle has said. If the Mayor does not concur in the department's recommendation, it is no fault of the Council.

Mr. Anderson arose and said:

Mr. President:—It was I who made the motion last week to hold these bills over until today. The Mayor was sick last week and I did not have an opportunity to discuss this matter with him. I am not satisfied with the information furnished Council by the depart-

ment. They first said that the apparatus was located in a house in an alley behind the police station on South 13th Street and later they said they did not know where it was.

I think it is entirely up to the department to handle these affairs. It is not up to Council to say what to do.

It is my thought that the bills should be laid over for consideration at the conclusion of other business before Council, at which time we can have the Mayor present to explain to Council what he has in mind on this subject.

The Mayor perhaps has a good reason for vetoing these bills. Therefore, I suggest that these ordinances be laid on the table and the Clerk ask the Mayor to appear before the Council. Perhaps, the department has agreed with him to consolidate these engine houses.

The Chair said:

Mr. Anderson, do you know whether the Mayor is available?

Mr. Evans said:

Mr. President, I might inform the Council that the Mayor just returned to his office.

Mr. Gallagher said:

Mr. President, I move that these ordinances be made the subject of special consideration at the conclusion of the other business before the meeting. Which motion prevailed.

Hon. Cornelius D. Scully, Mayor, appeared before Council at this time.

The Chair said:

Mayor Scully, the members of Council desire to know whether a plan has been developed for the combination of the two engine houses on the South Side, or whether the Mayor is of the same opinion as the Department of Public Safety with respect to repairing the present house at South Ninth and Bingham streets?

Mayor Scully said:

Mr. President, if you please, the Chief of the Bureau of Fire has had some suggestions to make with respect to this subject after consulting with authorities on the question of adequate fire protection for the South Side.

While I want the building repaired, I do not think a delay of a few weeks longer in order to permit the department and myself to study the question of the consolidation of the two houses at a more available location will be harmful. Also in connection with this study, we will determine the ultimate cost of the purchase of a new site and the construction of the building and what savings, if any, will be effected as the result of these suggestions. I think that we will be able to furnish this information to Council within two weeks.

The Chair said:

Mr. Mayor, is there any reason why the \$12,000.00 now set up should not be authorized at this time?

Mayor Scully said:

The only answer to that question is, that if you make the appropriation at this time, you will not make any haste because I do not think the plans are ready on which to ask for bids. Therefore, an analysis of the situation might disclose the fact that within a short time another form of development should take place. Therefore, I do not think you will waste any time by allowing these bills to remain on the table of Council for another two weeks.

Let it be understood, however, that I have no objection to these bills. It is merely a question of consolidating the two houses upon which I based my veto.

The Chair said:

Mr. Anderson, is that the information you desired?

Mr. Anderson said:

Yes, sir. If the Mayor agrees with the department and worked this question out, I think their recommendation should be followed.

Mayor Scully said:

Mr. President, I may say further that one point in our development of a new location would be to erect the house on a thoroughfare where traffic would not be jammed. There is a possibility of converting the property on Carson street near South Twenty-first street into a good, valuable property for business purposes. The property is situated on a wide thoroughfare, adapted for commercial establishments.

Mr. Gallagher arose and said:

Mr. President, the Mayor's explanation is satisfactory to me. However, I want to reiterate that the original recommendation came from the Director of the Department of Public Safety. The only fear I had was the abandonment of one of the houses. The only point the Mayor brought out: the property occupied by No. 12 Engine House on Carson street at Twenty-first street could be developed into a business establishment. On the other hand, the City could purchase the property next to No. 11 Engine House at South Ninth and Bingham street and erect a first-class fire station there, because I think the Ninth street site is the logical location for a fire house. The street is wide.

As I said before, the only question in my mind was that they were going to abandon one of the existing fire stations. If it is the thought of the Mayor and the Department of Public Safety to consolidate the houses to meet the needs of the community, I will have no objection to that.

Mr. McArdle arose and said:

Mr. President:—What I want to say is that it will not be a thing you can readily dispose of in the real estate market. This question involves the abandonment of one of these houses, and unless we have a different experience in disposing of this property than we have

had with other city-owned property, it will be a long time on the city's hands. The business people are not apt to purchase this property as speedily as some persons may think.

Speaking on the question of providing adequate fire protection for this section of the city, I take it that the proper city authorities have or will confer with those people having to do with the fixing of insurance rates on properties in the district where the proposal is to abandon an engine house. That question is not going to be determined overnight.

If we take the fire station off Carson street because it is a business street, we will take it off the best street on the South Side for the fire apparatus. It is a particularly wide street and lends itself to getting the apparatus in and out without hindrance to other traffic on the street.

Careful consideration should be given the question of limiting the service to one house. I understand one of these houses now proposed to be abandoned responds to alarms from the downtown section, and to include this apparatus in one larger house might result in bottling it up in a traffic snarl when responding to an alarm in the downtown district.

I am of the opinion still that in order that Council may not have laid upon its shoulders the reason for delay, it ought to pass this legislation so that it will be that far ahead in case the Mayor and the Director decide to abandon the proposal to combine the two houses; although it is my opinion that the two houses should remain in operation.

The Chair took up

Bill No. 371. Communication from the Mayor returning without his approval Bill No. 27, An Ordinance appropriating \$11,000.00 from B. F. 132 and \$1,000.00 from B. F. 127, to provide funds for the cost of remodeling and reconstruction of Engine House No. 11.

Which, in Council this day was read and laid over as a subject for special consideration.

Which was read, received and filed.

Also

Bill No. 27. An Ordinance entitled, "An Ordinance appropriating the sum of Eleven thousand (\$11,000.00) Dollars from Bond Fund 132, and One thousand (\$1,000.00) Dollars from Bond Fund 127, to provide funds for the cost of remodeling and reconstruction of No.

11 Engine House situate at Ninth and Bingham streets in the 17th Ward of the City of Pittsburgh'.

Which, in Council this day, was read and laid over as a subject for special consideration.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Evans	McArdle
Gallagher	Wolk
Garland	O'Toole (Pres't)

Noes:—

Mr. Anderson.

Ayes 6. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Also

Bill No. 372. Communication from the Mayor returning without his approval, Bill No. 28, An Ordinance providing for contract or contracts for remodeling and reconstruction of No. 11 Engine House, at a cost not exceeding \$12,000.00.

Which, in Council this day, was read and laid over as a subject for special consideration.

Which was read, received and filed.

Also

Bill No. 28. An Ordinance entitled, "An Ordinance providing for a contract or contracts for remodeling and reconstruction of No. 11 Engine House, situate at Ninth and Bingham streets, in the 17th Ward of the City of Pittsburgh in an amount not exceeding Twelve thousand (\$12,000.00) Dollars, and for the payment of the cost thereof".

Which, in Council this day, was read and laid over as a subject for special consideration.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Evans	McArdle
Gallagher	Wolk
Garland	O'Toole (Pres't)

Noes:—

Mr. Anderson.

Ayes 6. Noes 1.

When the name of Mr. Evans was called, he arose and said:

Mr. President:—I am going to vote for the passage of these bills with the understanding, of course, that there would be time before the contract is awarded to make the study referred to by the Mayor, and that the ordinances will be repealed if, after investigation by the Mayor and the Department of Public Safety, it is found to be more economical to purchase a site and erect a combination fire station to replace the two existing houses on the South Side.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Mr. Evans presented

No. 399. Report of the Committee on Public Works for February 23, 1938, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 50. An Ordinance entitled, "An Ordinance widening Capital avenue, in the Nineteenth Ward of the City of Pittsburgh, at the first angle south of West Liberty avenue, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby".

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson	McArdle
Evans	Wolk
Gallagher	O'Toole (Pres't)
Garland

Pittsburgh, Pa., March 4, 1938.

Finance Committee of Council,

Gentlemen:—

This Department is in receipt of Bill No. 298, an Ordinance carrying into effect the provisions of the Act of Assembly of 1927, relative to sanitary regulations as to restaurants, etc., and your request for an opinion whether, "if by eliminating 'boarding houses' would vitiate the Ordinance."

The omission of the words "boarding houses" from the proposed ordinance would not of course invalidate it, but the exclusion of the words would not save the keepers of boarding houses from conviction and penalties for violations of the provisions of the Act of 1927 and its amendments of 1937.

In the original Act of 1927 public eating places and public drinking places are defined as follows:

"Places where food or drink is served to, or provided for, the public, with or without charge, including, among others, hotels, restaurants, cafes, cafeterias, boarding houses, ice cream saloons," etc.

This definition was retained verbatim in the Amending Act of 1937.

It will thus be seen that the term "boarding house", is particularly included by the provisions of the Act of 1927 and its amendments of 1937. It was, therefore, the evident intention of the Legislature to put boarding houses on the same status as restaurants and other public eating places.

There are no qualifications in the Act of 1927 nor in its amendments of 1937 which could in anywise be construed as exempting boarding houses. So that while the omission of those words from the ordinance would not render it invalid, this exclusion would not render keepers of boarding houses exempt from the requirements of the law.

Very respectfully,
Churchill Mehard,
City Solicitor.

Submitted by:

Hiram Schock,

Assistant City Solicitor.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Anderson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Evans arose and said:

Mr. President:—I want to say for the record that if this bill comes to a vote today I will vote against it. I believe the Council should carefully consider the recommendations of the Director of the Department of Public Health submitted in a communication to Council today. The Director's recommendation as to the cost of a hospital and his personal recommendation for a general hospital should be given additional study. I

am also opposed to this ordinance because it will not provide sufficient money to construct the kind of hospital the department recommends.

Therefore, I move that Bill No. 391 be recommitted to the Committee on Finance for further consideration.

Mr. O'Toole called Mr. Gallagher to the Chair, and taking the floor, said:

Mr. President:—I am very much opposed to the motion to recommit this ordinance to committee for further consideration.

While I have all the respect in the world for the communication just now received from the Director of the Department of Public Health, I am not inclined at all to be swayed by his recommendation. I believe little stock should be given to what is contained in that communication, because the hospital committee which was appointed last May pursuant to a resolution of Council for the purpose of studying hospital needs with the Director and the Council had failed to furnish the information that Council asked for, and I have no reason to believe that continued delay will give us any more information than we now have. This committee had exceeded the scope of the investigation defined for it, and had delved into matters of policy which are matters alone for Council to decide.

The Director has seen fit to include in his report such evidence as favors his contention. He has taken the recommendation of the Commissioner of the Department of Hospitals of the City of New York, who states, not facts, but gives his own conclusion, that a hospital would cost \$7,000.00 per bed. He reports the actual figures of cost in New York and elsewhere, and they are not applicable to cost of hospital construction in our city. I believe you will find that \$4,000.00 per bed is ample, to construct the kind of hospital we propose to take care of our contagious disease patients.

The Director quotes an authority who I imagine is equally competent to Dr. Goldwater, who says that the cost will average anywhere from \$13,000.00 for the Allegheny General Hospital to slightly more than \$3,000.00 for the University of Baltimore hospital—a modern hospital.

The very gentleman he quotes from New York says that the Kings County Hospital cost \$3,355,000, giving no indication that it would go to \$7,000.00 or \$8,000.00 per bed.

The Director gives the cost of constructing the Gallinger Hospital in Baltimore, and there the cost runs slightly over \$3,000.00 per bed.

The contagious disease pavilion, a small hospital consisting of 152 beds, has cost the City of Baltimore, according to Director Alexander's report, something like \$2,083.42 per bed. This is a smaller hospital than we propose building, and the cost per bed is greater.

The hospital which the Commonwealth of Pennsylvania is constructing in Pittsburgh on ground of the University of Pittsburgh, according to the report of Director Alexander, will cost \$4,000.00 per bed.

I also wish to call your attention to something else that we will not be enthusiastic to overlook, and that is, that the construction of this hospital is not urgent, according to the Director. The Director also says that contagious diseases being taken care of at the hospital include such trifling things as mumps, measles, and other things that could be just as well cared for at home. I would ask him whose home? He does not give the authority; he does not name names. The man whose opinion he takes should not be regarded as an authority on this subject. Such "trifling" diseases cannot be taken care of in all homes. They may be taken care of in your home or my home, but not in the homes of all residents of Pittsburgh. This is what happens with children suffering from such "trifling diseases". According to a report issued by the Childrens Hospital 37 cases of "trifling" diseases were taken care of at the hospital from January 1, 1938 to February 28, 1938, and out of these 37 cases 7 children died.

Now, we cannot fool around with this matter any longer. I do not intend risking any further delay pending further information from the Department of Public Health which will not get us any nearer to a sound basis of cost per bed for construction of a contagious disease hospital. There is no question as to the need for a contagious disease hospital, and for that reason I am going to vote against the motion to recommit this bill to committee, and sincerely hope that those who favor this ordinance will vote for it today and let it go to a vote of the people on May 17th.

Mr. McArdle arose and said:

Mr. President:—I agree with the position taken by Mr. O'Toole. This delay to which he has referred and for which Council is in no way responsible was not due in my judgment to a lack of ability to reach a decision upon the question submitted to this committee by the Council, but due entirely to the injection of a question which had no part in the original resolution.

We started here, if I understand our position correctly, to meet what was supposed to be a very urgent need to bring about better conditions in our Municipal Hospital where communicable and transmissible diseases are taken care of.

This delay has been brought about by the Director by the injection of a question which he thinks is a city necessity, namely, the construction of a general hospital, and it was the injection of a matter of policy which clearly is Council's responsibility that caused the delay in the submission of the report of the hospital committee.

I am not willing as one to continue to delay this until such time as the present Director or his successor may convince the present Council or its successor that the municipality ought to go into the enterprise of building a general hospital. That is talking about money, real money, and talking about a policy which is Council's responsibility as the real policy-declaring body of the City that there is need for a general hospital rather than better hospital needs for the treatment of communicable and transmissible diseases—not only a better treatment, but has flaunted in our faces the presence of danger of a holocaust due to a fire in our present institution. Certainly we ought not to be willing to postpone action upon that when we have, as far as I have been able to discover, no reason to compete with the other general hospitals in the City of Pittsburgh. We have had enough said about it to indicate insofar as the City of Pittsburgh has been able to recognize its obligation that there is already in the City of Pittsburgh, under present and prospective economical conditions wholly adequate hospital services in that realm. I am ready to vote for this ordinance because I am of the belief that the money set up is adequate to construct a hospital to house facilities

to render the normal services that are entrusted to the care of the City, and I will allow the other questions that may be developed from time to time to await their orderly consideration by this body.

Mr. Anderson arose and said:

Mr. President:—After reading the report in its entirety I agree with what both gentlemen have said in regard to the need of a contagious disease hospital. I agree that we should have a hospital. There is no man in this Council who is more anxious to have a hospital built than I am. I agree with Mr. O'Toole that this is the proper amount to set up. I will agree further that it is the question of judgment between committees and the head of the Health Department. It is a question of judgment what we should follow. I am not for delaying this bill, but my experience in the past in regard to placing a bond issue before the people at a primary or general election is that it is neglected and we will not get the results desired. I am also interested in a number of improvements that should be taken up and given the proper study. They should be incorporated in a bill of this character if we are going to place them before the people as a bond issue.

I am in favor of the hospital, as I said before, and I will join any member of this Council to put this bond issue before the people, but I think that these other improvements and questions that we must handle before this Council that we cannot complete unless the people support us in a bond issue to the amount, perhaps, of four or five times the amount of money—perhaps eight or nine times the amount of money requested for this one purpose.

We are continually requested by different neighborhoods throughout the City for improvements.

Surely if the Council, and I think that every member of this Council is willing to have these improvements made, if they had the money. It is a question of whether we had the money under our general taxes, or whether we have bond issues.

Certainly that does not hook up with the delay of this bill, but surely we must agree that in our last bond issue it was neglected at the election and it was defeated.

I don't want that to happen with this bill, and I think we will agree that we should have a bond issue for other purposes. I think every member of this Council agrees with that, and there is a partial program made up by the Department of Public Safety, Public Works and Public Health in regard to other improvements, and I will pledge myself here today that I will agree when the program is made up to go into a special election.

I understand this is the last day for passing legislation of this kind if we are going to have it put on the ballot at the primary election on May 17th.

I think the other is a better plan. Surely 60 days should not make much difference, and I think we should do it in the right way.

I am not in a position to criticize, whether the Director is right or wrong. If the Director disagrees with men of his profession and men of other professions—architects and engineers—surely the Council should know more about it; and for that reason, Mr. President, I want the members to bear in mind that I will join with them to pass legislation to have this put before the people as soon as possible, but at the present time the bill should go back to committee.

Mr. Gallagher said:

May I ask Mr. O'Toole to take the Chair?

Mr. O'Toole arose and said:

Mr. President, I shall resume the Chair as soon as I make answer to Mr. Anderson. In answer to the objection of Mr. Anderson that he would like this question incorporated with other items to be voted upon by the people, I am opposed to that plan for several reasons.

When a bond issue is submitted to the people for their action, the burden of proof is upon the people who propose that issue, and because the people are not sufficiently enlightened on the items to be voted upon it gives them an excellent opportunity to defeat the issue.

No matter how sound the Department's theory may be upon the items to be voted upon, there is always debatable items in any general improvement program. No matter how excellent that proposal is, there is always room for argument.

There can be no debate about a new

contagious disease hospital. Therefore, I do not think it is wise to include in the issue debatable questions, and for that reason I oppose Mr. Anderson's suggestion of a general improvement program to be submitted at this time to the people for approval or disapproval. I don't think much press agenting is necessary to have the people approve this bond issue; in fact, I am confident that it does not need any political pressure. I predict this hospital bond question will carry at the polls, 3 to 1, in any election, general or special.

Mr. O'Toole at this time resumed the Chair.

Mr. Gallagher arose and said:

Mr. President:—I seconded the motion to recommit this bill to the committee. This question has been before the Council the last four years, at least since I have been a member.

I made a personal investigation of the buildings at the Municipal Hospital two years ago. There is no doubt that there is need for a new building. One of the buildings that was in a dilapidated condition has been abandoned for hospital purposes.

At the present time the hospital is not being used to its full capacity.

I am not opposed to a municipal hospital, but I seconded the motion to recommit this bill to committee because there is a possibility that the County Commissioners may join with the City in the construction of a joint hospital.

As I see it, there is a lot of agitation to stampede the Council on the question of a municipal hospital. There are a number of vacant hospital buildings in the city which are white elephants on the hands of the owners, and the City has been beseeched to purchase one of these. I do not know whether these vacant hospital buildings would be adaptable for the purposes of the City.

I quite agree with Mr. Anderson that there are a number of vital questions, demands being made on the Council, and I believe when we submit a bond issue to the people, we should include other questions along with a new municipal hospital.

I do not think there is any grave need for a hospital at this time unless we had a catastrophe or an epidemic, and if we had the other private hospitals of the City would be able to take care of the unfortunates.

The condition of the Municipal Hospital has been known to the members of Council for years—at least three to four years, to my knowledge—and I understand there are some empty beds in the hospital.

The Chair said:

If I may be permitted to answer Mr. Gallagher without leaving the Chair, when this recommendation came before Council the question of joint construction and operation by the County was considered.

There is no law which permits the city to construct a general hospital jointly with the county. The only statute on record pertains to joint control.

Mr. Gallagher arose and said:

May I answer that? As I understand that, there can be joint control, but not joint construction. Therefore, a joint agreement could be made that the County would pay so much per day for any patient entering the hospital living outside the city.

Mr. McArdle arose and said:

Mr. President:—Mr. Gallagher made a statement that I think it is important to correct, in which he points out that the dangerous part of the building at the Municipal Hospital is not in use. He has in mind, no doubt, the part of the structure on the grounds that is not in use due to a structural defect, which, if given the proper attention, by the proper administrative officers, could be corrected at a nominal expense to the City.

The part of the hospital which is regarded as dangerous is that part which does not have adequate and safe electrical equipment, and it is that part which is alleged to contribute to a fire which, in turn, might endanger the lives of the patients and perhaps some of the personnel who are rendering service up there. We ought not to let it rest until the unsafe part of the building in which the patients are now housed and cared for is either repaired or replaced by a new hospital.

And the question recurring on the motion, that Bill No. 391 be recommended to the Committee on Finance the ayes and noes were ordered taken and being taken, were:

The **Chair** presented
No. 548.

March 12th, 1938.

Chairman and Members,
Committee on Finance,
City Council.
Gentlemen:

In answer to questions raised by your Committee in connection with Bill 405, an Ordinance authorizing the issuance of warrants in payment of the Animal Rescue League, F. Kubits, Engineer, and others. I should like to place the following facts before you:

First: There has been no practice of employing an outside Engineer for the examination of plans in the Bureau of Building Inspection. It did become necessary to do so for a short time as an emergency measure. Since the first of January, 1938, this department has secured the loan of an Engineer from the Department of Public Works to perform this service at no added cost to the City.

Second: This work was the particular function of the late Stanley Reese, who died on November 29th, 1937. He held the position of Assistant Chief Engineer at a salary of \$3,030.00 annually. This position, although included in the Departmental Estimates and in the Budget which Mayor Scully submitted to you, was omitted by you from the 1938 Salary Ordinance.

Third: Mr. Reese was forced, by his illness, to leave work on July 13th, 1937. After a three month period of illness, he took a Leave of Absence which ensued until his unfortunate death. The expense incurred in employing a part-time engineer in Mr. Reese's position did not exceed the allotment set up in the Salary Ordinance for his position except for the three month period preceeding his Leave of Absence when he continued on full salary, although unable to perform his duties. Thus, there is a deficit of only \$276.75 incurred above the salary allotment for performing this very necessary function of plan examinations.

Fourth: The position of Chief Engineer in the Department is now held by Mr. Casimir J. Pellegrini, who holds his position under the Civil Service Act as a Non-competitive appointment. Mr. Pellegrini is, however, an Architect and not an Engineer and is admittedly unqualified, by his training, to perform the work which was formerly handled by Mr. Reese. Even were he qualified, his architectural

assignments have been such as to allow him no time to do this work.

Fifth: This condition I have repeatedly called to the attention of the Mayor and to your Honorable Body and on March 29, 1937, Mayor Scully addressed you as follows:—"Further, I wish to call your attention to the anomalous situation where the City Engineer does the work of an Architect, though hired as an Engineer and the office in which he works is called the City Architect's Office where there is no Architect employed there".

Sixth: Bill 405 is the third bill in which Mr. Kubitz's name has been presented to your Honorable Body for such payments as were due him as a result of his part time work for the City and thus this question has been twice before you. Each time the bills were passed without comment.

Seven: There is no question in my mind that the services of a capable structural engineer, familiar with all phases of building plans and construction, is necessary to the good conduct of the City so that one of the most important functions of the Bureau of Building Inspection may be efficiently performed.

The question arises then of how this is to be done. There are several alternatives, all requiring action from the Department and your Body as well. One of these would be the re-creation of the post of Assistant Engineer which, as I have said previously, was omitted from the 1938 Salary Ordinance. The second would be the removal of Mr. Pellegrini from the position he now holds under Civil Service and his replacement in the position by an Engineer qualified by training to perform this engineering function. If this is done, however, it leaves the City without an Architect and brings up to your Body the question of providing architectural services through some other means.

I very strongly hope that by one of these two methods we may adjust this obviously unsatisfactory condition which has by now, existed far too long.

Very truly yours,

Geo. E. A. Fairley,
Director.

Which was read, received and filed.

Mr. Anderson arose and said:

Mr. President:—The Director of the Department of Public Safety, in his report, does not say that this is the last time that money for this purpose will be paid out. I am opposed to the Department

continuing this practice when the Council has set up the necessary machinery in the department to perform the functions for which this man is being paid. The Director further says that he is using an engineer employed in the Department of Public Works to do this work. That too is unnecessary, although it is not as bad as going on the outside to secure this service.

Mr. McArdle arose and said:

Mr. President:—Before action is taken may I say something about this report? This report is not a reply to the thing we asked for. If the Director wrote another page he might have got onto the subject that was referred to him. The Director raises two or three points in his report that are not true. He makes two statements, one that this work, we asked him to have done in accordance with the law, is being done as an emergency. It is not an emergency. There could be no emergency so long as there is authority for him to employ a person to do the work as set out in the ordinance, and as long as somebody is employed and is receiving the salary. So long as someone is employed, it is not an emergency. It is a bad piece of administration.

It is not the work of Mr. Rees; it is the work of the chief engineer, to be assisted by Mr. Rees so long as he held that position; and never could be construed by the ordinance, creating this position, that the assistant to the chief engineer was responsible for doing the main part of the work that was set up for the chief engineer to do.

Then the Director brings in a report and lays it on the table for a correction of this condition by the Council. We had nothing to do with it; it is wholly an administrative matter.

The Director says that his action was confirmed by the Council because the bills to pay for this service were approved by Council without comment. Ever since the first bill was introduced, after the position of the chief engineer had been eliminated, the Director still insisted in bringing two or three alternatives into the picture. There is no use for alternatives. The reason the position of chief engineer was eliminated from the budget was because of insufficient work to be performed in the Bureau of Building Inspection, and in the interest of economy. There was not enough work to warrant the continuation of that position, and then he finally admits that

the position is being held by somebody who is not qualified to do the work, and he wants to split the responsibility with this body for the correction of this evil, which he admits is wrong.

It is further reported to Council that the work of the chief engineer in the Bureau of Building Inspection is being done by an engineer in the Bureau of Bridges in the Department of Public Works. The Director of Public Safety makes that admission as though it makes no difference in the circumstances. We pay the engineer in the Department of Public Works because he is qualified to do the work assigned him, and probably because the Bridge Bureau needs an engineer; and if he is needed in the Bridge Bureau, you are robbing that bureau of his service when he is permitted to do engineering work in the Bureau of Building Inspection, and at the same time have the Department of Public Safety carry on the payroll a person who, it is admitted by them, is not qualified to do the work.

The Director also brings up the question of an architect. It has long since been known that the City Architect, insofar as his services have been made purely incidental to the work of looking after the engineering features in the Bureau of Building Inspection, should be a man qualified to do that particular character of work and he could find enough time to perform these duties, because his services as city architect are controlled by the amount of work we assign him in conformity with our own building code ordinance. We have less architectural work to do now than at any time I can recall because all the plans for the work he is now supervising were drawn before he came into the city service and ought to have been concluded before this time. Even though that were true, it would become our problem to continue him in employment.

If there was ever a time to get this over to the Director, it is now, and he ought to face the issue and say he will or will not correct this evil by putting someone in the job and making such adjustments as he deems necessary to relieve us of the necessity of paying for two jobs when getting the service of only one.

Mr. Anderson arose and said:

Mr. President:—When the first bill was presented to Council, I held it up. I do not believe that we should pay

bills of this kind, or that the Director or anyone had the right to employ temporary engineers or an architect to do the work of the man employed in that position. The Director was, as Mr. McArdle said, acquainted with the conditions in the Bureau of Building Inspection. I spoke to the Mayor because I felt it my duty as Chairman of the Committee on Public Safety and asked him to call the department's attention to it. Because he has an engineer employed in the Department of Public Works looking after the engineering features of plans submitted to the department, does not rectify the condition that exists in that office. We should have a man who understands the work and for which he is being paid. The Mayor and the Director of Public Safety are acquainted with the conditions. What I object to, is the Director going outside to get someone to do this work when there ought to be a man in the office to do it. If someone in the City service is doing the work, it relieves us of the responsibility of paying someone on the outside.

Notwithstanding this objectionable feature, the services have been rendered and we ought to pay for them; but the Director's attention should again be called to the fact that Council is opposed to hiring someone on the outside to do this work. If there is no one in the Bureau of Building Inspection to look at these plans, and if there is someone in the Department of Public Works who is not busy on his own work, it will not hurt him a bit to look at these plans. We ought to save money whenever and wherever possible.

The question before the Council today, is whether we should pass this bill? If the man did the work he ought to be paid. I am not satisfied with the report of the Director.

Mr. McArdle arose and said:

Mr. President:—I only want to say this in respect to the bill. I don't want to delay further the passage of this bill. The man who performed these services is entitled to his salary and I don't want to penalize him; although I hope this question will receive more definite consideration by the Director of the Department of Public Safety and that this practice of engaging an outside engineer will be discontinued.

And the bill as read a second time was agreed to.

Mr. Evans moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson	McArdle
Evans	Wolk
Gallagher	O'Toole (Pres't)
Garland	

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also

MOTIONS AND RESOLUTIONS

Mr. **Garland** presented

No. 589.

WHEREAS, It has pleased Almighty God in His wisdom to remove from our citizenship William Addison Magee, twice Mayor and twice Councilman of this City, and a public servant without peer; and

WHEREAS, William Addison Magee represented a long line of men who con-

tinuously worked for the upbuilding of Pittsburgh and its environs, fostering those movements which meant progress and advancement in the general as well as the physical betterment of the community. He was a recognized civic leader and an associate and friend, recently our colleague; and

WHEREAS, William Addison Magee for more than thirty years served his community and, strengthened with the ability to conceive and accomplish great results, labored with his heart as well as his head to bring Pittsburgh into the forefront of cities. He was a man such as the Poet Longfellow must have had in mind when he wrote—

The heights by great men, reached
and kept

Were not attained by sudden flight
But they while their companions
slept

Were tolling upward in the night.

Therefore, be it

RESOLVED, That this Council spread a copy of this resolution on its minutes, and that the city clerk be directed to forward to his brother, Christopher, as representing the family, an engrossed copy of same.

Which was read.

Mr. **Garland** moved

The adoption of the resolution.

Which motion prevailed by an unanimous rising vote.

Mr. **Evans** moved

That the Minutes of Council of Monday, March 21, 1938, be approved.

Which motion prevailed.

And upon motion of Mr. **Garland**
Council adjourned.

Pittsburgh, Pa., March 31, 1938.
Committee on Public Welfare,

Gentlemen:

Your Committee has requested, in a

communication from City Clerk Lindsay of 30th inst., an opinion as to the legality of Bill No. 566—an Ordinance authorizing the Director of the Department of Supplies to purchase certain heads of dairy live stock for the City Home and Hospitals at Mayview.

Article X of the Charter Act of 1901, creating the Department of Charities, now known as the Department of Public Welfare, provides that that Department shall have the management, administration and supervision of the charities, hospitals, houses of correction and grounds, and all similar institutions: and further provides that—

"Councils shall have power to provide for all things needful for the proper and efficient management of said institutions."

In view of the above provisions of the Charter Act, which are all still in force, the Director of the Department of Public Welfare has full authority to purchase, through the Department of Supplies, the 17 head of pure bred Holstein heifers at a cost not to exceed the sum of \$2,450.00, said cattle to be added to the dairy stock at Mayview.

Very respectfully,

Churchill Mehard,
City Solicitor.

Which was read.

directing the Director of the Department of Supplies to purchase from Craola Farms and John A. Bell, for the City Home and Hospitals, Mayview, Pa., Department of Public Welfare, 17 head registered pure bred Holstein Heifers at a cost not to exceed the sum of \$2,450.00, and providing for the payment of the cost thereof".

In Council, April 4, 1938, bill read, rule suspended, read a second time and laid over for further information.

Which was read.

The **Chair** presented
No. 701.

April 12, 1938.

To the President and Members of Council,
City of Pittsburgh.

Gentlemen:

This Department has received the following communication, dated the 6th inst., from City Clerk Lindsay:

"At the meeting of Council of April 4, 1938, Bill No. 566, An Ordinance authorizing the purchase from Craola Farms and John A. Bell certain live-stock for Mayview, together with an opinion from the Law Department, was read and laid over for further information.

Some of the members of Council do not believe this report contains the information requested; that is, has the department the power to make such purchases without advertising?"

In a communication from this Department to Council, of March 31, 1938. Council was told that the Director of the Department of Public Welfare could purchase certain cattle from one John A. Bell for the Mayview Dairy Farm; we now further advise that this purchase can be made through only two procedures; first, such purchase may be made by advertising for bids and awarding to the lowest responsible bidder; second, that such purchase may be made at public sale.

Very respectfully,

Churchill Mehard,
City Solicitor.

Which was read.

Mr. **Gallagher** moved

That the bill be recommitted, and the report be referred to the Committee on Public Welfare.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

The **Chair**, at this time, presented

No. 815. Whereas, The welfare of the people of Pittsburgh and the prosperity of their activities and industries are dependent, in large part, upon an adequate properly coordinated transportation system in order that their products may be properly and economically distributed throughout the world, and that their interests, both public and private, may be most efficiently served; and

Whereas, Because of its geographical location it enjoys certain advantages due to existing railway lines, highways, airways and a 5,000 mile waterway leading to the South and Southwest, which gives access to South American ports and Central American ports, and the West Coast Port of the United States through the Panama Canal; and

Whereas, The exploitation of this advantage is dependent upon the type and degree of service which may be provided and its cost, and upon the methods and facilities of these transportation agencies; and

Whereas, The assembling, editing and proper dissemination of complete information regarding the adequacy and cost of the transportation service by means of the various agencies, including rail, water, highways, and air is the first step in providing proper information to existing shippers and customers as well as to industrialists and others seeking proper locations for industries and, further, such research material provides the means for correcting those factors and conditions which militate against the natural and free flow of commerce which the natural advantages of Pittsburgh should provide. Now, Therefore, Be It

Resolved, That the Mayor be and he is hereby authorized and directed to appoint a Transportation Research Committee, to serve without pay (the results of the findings of which might

properly culminate in the appointment of a permanent transportation authority or port commission, or some properly designated group) for the purpose of studying and making proper research to show the nature and volume of transportation agencies for rail, water, highways and air, so as to show the adequacy of their services as to the methods of receiving and transporting passengers and goods, the location of their terminals, the coordination of their facilities as between rail, water, highways and air, and to determine the facilities at the origin of such shipments as to cars, barges, trucks, loading docks and wharves and the available equipment to meet the requirements of the shipping and traveling public; also to determine the time in transit of goods to meet the requirements of our world wide customers and the demands of our customers in relation to our competitors in other cities; the unit and combination cost of the various forms of transportation toward goods, so as to develop the relationship of transportation costs to marketing, should likewise be recorded as well as the distance to which our products may go; such a study should also include the general classification of goods so as to procure the lowest reasonable transportation

costs and the routes, rail, water, highway and air, by which goods can be shipped in order to procure the best service at the lowest reasonable cost; such data when obtained to be made available inter alia for the following purposes:

1. Comparison with similar data from competing cities or territories.
2. Determination of the existing and the required cooperation between various transportation agencies in order to make our transportation system adequate.
3. A permanent record available for all interested agencies.
4. Pertinent data to be given to industries considering the Pittsburgh area as a location.
5. General publicity purposes in order to inform the citizenship of the Pittsburgh area.

Which was read and referred to the Committee on Public Service and Surveys.

Mr. Gallagher moved

That the Minutes of Council of Monday, May 2, 1938, be approved.

Which motion prevailed.

And upon motion of Mr. Garland

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 926. Whereas, Twenty years ago the management of the Pittsburgh Railways Company failed, as it has now, in its operation of our transit system and three receivers were appointed, one to represent the City's interest, one the operating company, and one the Underliers' interest, and the trustees in bankruptcy are now to be appointed; and

Whereas, At the close of that receivership, the Pittsburgh Railways Company, then operated by the Philadelphia Company, was indebted to the City for paving charges, street cleaning, bridge tolls, snow removal, and taxes on its poles, cars etc. in the amount of about \$900,000.00, accumulated over the six years of insolvency, and this debt was not fully repaid to the City; and

Whereas, The City made an agreement with the Philadelphia Company, at the end of that receivership, that it would accept for municipal services the sum of \$300,000.00 annually, but since 1933 the Philadelphia Company quit paying anything to the City and the City is in receipt of no monies for these municipal costs; and

Whereas, The present bankruptcy is now in its second month and the Underliers of the Railways Company are filing statements for dividends and interest in the Federal Court; and

Whereas, The City has not yet taken steps to file its claims; and

Whereas, Pittsburgh Railways Company owes the City around a quarter of a million dollars accumulated since February 1, 1936; Now, Therefore, be it

Resolved, That the Law Department be instructed, through the Public Utility Engineer, to make an investigation and report the present indebtedness of Pittsburgh Railways Company to the City of Pittsburgh.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Gallagher arose and said:

Mr. President:—My purpose in presenting this resolution is to find out just what the indebtedness of the Pittsburgh Railways Company is to the City of Pittsburgh. Nobody seems to know. I made inquiry as to whether the Railways Company was paying the cost of certain improvements, and the Director of the Department of Public Works said they were paying some small bills.

There are some large outstanding accounts against the Company, such as the cleaning of highways, and it is on these accounts the Council should be informed.

Therefore, I want the City Solicitor, with the aid of the Utility Engineer in the Law Department, to ascertain what the Company's indebtedness is to the City, so that when bankruptcy proceedings are started, the City will be in a position to make its claim. The Utility Engineer, I am informed, has made such an investigation and is prepared to advise Council what the Railways Company owes the City of Pittsburgh.

And the motion recurring on the adoption of the resolution.

The motion prevailed.

The Chair presented

No. 927. Whereas, Pittsburgh Railways Company is and has been unable to render adequate transportation service to the people of Pittsburgh and under its existing financial arrangements and obligations with and to its owners and underliers it never can render such service; and

Whereas, It is imperative that ownership of transportation facilities and franchises be reorganized on a basis that will recognize the primary right of the public to adequate service efficiently

and economically rendered and which will permit to security holders only such return as can be justified by the economic value of their properties as part of such modern transportation system; and

Whereas, Perpetual and long term franchises are against the public interest in that they prevent adequate public control, deter modernization and flexibility of service and permit unfair and uneconomic drains on the revenues from operation; and

Whereas, Pittsburgh Railways Company has defaulted on and is unable to pay its financial obligations to the City of Pittsburgh so that the city is now the largest bona fide creditor of the company; and

Whereas, Pittsburgh Railways Company has made a motion toward reorganization by filing its petition in the United States District Court under the provisions of Section 77-B of the Bankruptcy Act; and

Whereas, It is to the public interest that the pending proceedings be advanced to their legitimate purpose, the establishment of a modern and economically sound transportation system, and that they be not used merely as a means of attacking wages and other labor standards and of defeating the rights of employees to have their wages, hours and working conditions determined fairly and by arbitration, as heretofore, rather than by court action as requested by the company; and

Whereas, The City of Pittsburgh, because of the public interest and because of the large financial claim of the City, should and can control the reorganization proceedings; Therefore be it

Resolved, That the policy of the city government in the premises is declared to be, and the Mayor and the City Solicitor are requested to use every means at their command to accomplish, the following purposes:

1. The early appointment of trustees who will be representative of and zealous to protect the interests of the public and of the employees and not merely

the interests of the present owners of Pittsburgh Railways Company and its underliers.

2. The collection of the debt due the city or in lieu thereof some compensating advantage to the public, this to be forced, if necessary, by legal action directly against such underlier companies as may be liable therefor.

3. The issuance of securities in a total amount not greater than the present real or economic worth of the property.

4. The surrender of all long term leases, agreements and franchises and the substitution of short term or indeterminate licenses directly to the operating company.

And be it further

Resolved, That the Mayor be requested to advise the Council as to the necessity of retaining special counsel or other technical assistance to bring about the foregoing results.

Which was read.

Mr. Wolk moved

The adoption of the resolution.

Which motion prevailed.

Mr. Gallagher, at this time obtained leave and presented

No. 928. An Ordinance granting unto the Duquesne Brewing Company of Pittsburgh, Pa., its successors and assigns, the right to construct, maintain and use an overhead bridge across South Twenty-second street, and across Mary street, and the right to construct, maintain and use brackets extending three feet, six inches over the southerly line of Mary street, all for the purpose of supporting steam, beer, electric power ammonia and other lines and walkways.

Which was read, and referred to the Committee on Public Service and Surveys.

Mr. Garland moved

That the Minutes of Council of Monday, May 23, 1938, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

Office of the Mayor

Pittsburgh, Pa., June 8, 1938.

President and Members of

The City Council

City-County Building,

Pittsburgh, Pennsylvania.

Gentlemen:

Herewith find returned disapproved an ordinance regulating the hours of employment of certain employees in the City's service, Bill 674.

The Bill is returned, not so much because I believe its objectives are in themselves undesirable, but because I consider the legislation to be arbitrary, in that it does not take into consid-

eration more than one classification of city employes, and ill considered, in that it is not based on any study of the amount of work to be done and the capacity of employes to accomplish this work under the proposed time schedules.

I have already received a protest against this legislation from one large group of City employes who propose, instead, a five-day working week.

There is no evidence before us as to the comparative desirability, from the standpoint of either the employes or the City, of the shortened work day set up in this measure and a five-day working week, nor do we have before us any evidence of the possibility of transacting the City's business under a shortened work period without an increase in total personnel.

To legislate on such a problem as this without definite and detailed information is, in my opinion, bad management.

I propose, if this argument meets the approval of your Honorable Body, to see that the Department Heads and their subordinates obtain this information in detailed form. Further, we should have the experience of other governmental units for guidance. Then, and then only, should we legislate.

Meanwhile, I believe the interests of the City Government, municipal employes and the taxpayers will be best served by the continuance of the present hour legislation which embodies a 40-hour week, and the adoption of the customary summer schedule.

Sincerely yours,
Cornelius D. Scully,
Mayor.

Mr. Evans presented

No. 1089.

Pittsburgh, June 18, 1938.
President and Members,
City Council.

Gentlemen:

In re: Bill No. 983.

In accordance with the motion of the Committee on Finance, "that the Budget Controller furnish a report of the appropriation \$7,000.00 for sealing abandoned mines and the appropriation of \$25,000.00 for replacement and extension of water mains, as part of the total appropriation contained in the above bill, and which appropriations are estimated to carry on the projects to September 1st"—

The project of replacement and extension to water mains has been carried on in conjunction with every governmental relief agency since December, 1933. This project involves the replacement of old lines, inadequate, due to age and corrosion, structural weaknesses, and increased industrial and population uses in the older sections of the City.

The total appropriations of City funds to this work to date are approximately \$466,000.00, and it is estimated by the Department that the project is about 25% complete.

The project for mine sealing under way and contemplated is exclusively for mines within the City limits, and includes closing of mine entries and tunnels in abandoned mines, filling surface sinks, cave holes and fractures, and covering coal seam outcroppings to check and prevent future fires, as well as control of mine drainage.

It also includes treatment of mine fires, of which there are a number not definitely determined, although two specific cases are included in the program.

The work under way and contemplated also includes a number of mines in the Hill district, with reference to the activities of the Housing Authority.

In general, the work also includes the removal of all existing and potential mine hazards to life, limb, property and fires.

Respectfully submitted,

Richard Neff,

Budget Controller.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

Pittsburgh, June 18, 1938.
President and Members,
City Council.
Gentlemen:

In re: Bill No. 1009

In accordance with the motion of the Committee on Finance, that the Budget Controller visit the Museum Extension Project, located at 3400 Forbes street, and report to Council the activities carried on through this project—

The entire five-story building at 3400 Forbes street is used for this project, there being 690 people employed in the building of which 98 per cent are on relief.

The project is an educational one in which bookbinding, mimeograph work, sculpture, art, sewing, architecture and drafting are taught.

The models made in the sculptural department are shipped to the various

public schools in Pennsylvania, together with their history and are used for educational purposes.

This project is well supervised and one which provides an education in the various fields as above set out, to those who otherwise could not obtain such knowledge.

Respectfully submitted,

Richard Neff,
Budget Controller.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Wolk arose and said

Mr. President and Members of Council:—

The proposed \$8,000,000.00 bond issue is intended to rehabilitate the City Plant. It involves a program of health, safety, play and happiness for the people of Pittsburgh.

There are six classifications of improvements to be made. Each one of the classifications involves absolutely necessary improvements which the City, as a progressive government, must make if the people of Pittsburgh are to receive the minimum of benefits to which they are entitled. No one can deny that vast improvements must be made in connection with our streets, sewer and drainage systems, water system and bridges. These physical improvements are necessary to maintain the City Plant in a good workable condition. No one can deny that the use of parks and playgrounds bring health and happiness to the community and in the long run, pay for themselves in the prevention of delinquency and crime. Pittsburgh has been woefully neglectful, particularly as to its playground and recreation program. No one can deny that the Leech Farm Tuberculosis Sanatorium

not only requires improvements to adequately take care of the present capacity, but requires additions in order to take care of a long waiting list of patients.

The amount to be spent by the City on each of these classifications, is definitely set forth in the proposal: Streets, etc., \$1,650,000.00; Sewers and Drainage systems, \$2,200,000.00; Bridges, \$825,000.00; Parks and Playgrounds, \$825,000.00; Water system, \$650,000.00; and Leech Farm Tuberculosis Sanatorium, \$350,000.00; a total of \$6,500,000.00.

The money in one classification cannot be used for improvements in any other classification. Further no portion of the \$6,500,000.00 can be used for a project unless the expenditure for the project is made in connection with a grant from the Federal Government. This is a positive legal restriction.

A maximum grant of 45% from the Federal Government would mean that with \$6,500,000.00 as the City's contribution, about \$11,800,000.00 worth of public improvements in the City can be made at a saving of about \$5,300,000.00 to the taxpayers of Pittsburgh. It would be manifestly unwise on the part of the City, not to take advantage of the funds that are to be provided by the Federal Government for the various necessary projects contemplated. If the City fails in this respect, other cities will benefit to the extent that Pittsburgh has neglected its opportunity. We would find ourselves in the very unhappy position of having actually paid for the Federal grants by Federal taxation without having received any benefits.

The balance of the bond issue, to wit: \$1,500,000.00, is to be spent on projects within the six general classifications with or without Federal grants. If grants are obtained, savings in addition to that set forth above, will result. This amount was set forth in this manner so as to carry out a complete program in these classifications, without being too greatly restricted. Flexibility is required. If a project within these classifications cannot or should not be undertaken in conjunction with the Federal grant, or if the time limitation precludes a grant, then this bond money can be spent to carry out the project

without Federal aid. It is impossible to take care of every contingency in advance of the submission of the bond issue to the people. The \$1,500,000.00 will give sufficient leeway, I believe, to make a well rounded program and take care of possible contingencies.

I believe the program of spending to the extent of \$8,000,000.00 is not only required to make necessary improvements to the Plant of the City, but will, in addition, bring great benefits to the people of Pittsburgh. Those who work and labor for salaries and wages will receive employment in the carrying out of these projects. The great portion of the money for materials and equipment will, no doubt, be spent in Pittsburgh and benefit Pittsburgh manufacturers and their employees. All of this will enure to the benefit of our merchants, great and small, because of the increased purchasing power which will result.

By reason of large bond and note debt retirements in the next few years, the issuance of the proposed bonds will not entail a tax increase thereby. Assuming that \$3,000,000.00 of the bonds are sold in 1939, \$3,500,000.00 in 1940, and \$1,500,000.00 in 1941, the bond and note indebtedness of the City by the end of 1941, will be \$51,898,083.34, and at the beginning of 1938, it was \$59,695,000.00, or a reduction of \$7,796,916.66, by the end of 1941. Assuming the interest rate on the bonds will be 2½%, and the bonds will be dated July 1st, of the year in which they are sold, interest and sinking fund requirements for all City bonds and notes for 1940, 1941 and 1942, being the years when the principal installments on each group of bonds sold will first become due, will be, for 1940: \$6,279,101.33; for 1941: \$3,990,791.06; for 1942: \$5,777,094.37; while the requirements for 1938 are \$4,788,760.87; and for 1939: \$7,015,463.88. The increase in requirements for 1939, aside from an interest item of \$37,500.00 is not due to the proposed bond issue but by reason of requirements under present debts of the City. The figures above set forth are based upon the financial statement of the indebtedness of the City and sinking fund and interest requirements, prepared by Doctor James P. Kerr, Controller of the City of Pittsburgh.

It is clear that the City's financial condition will not be impaired because even with the sale of the proposed bond issue, the bonded indebtedness of the City of Pittsburgh, after the spending program will have been completed, will be reduced almost \$7,800,000.00, by the end of the year 1941, if no other bonds are issued, and the sinking fund and interest requirements for the years 1940, 1941 and 1942 will be greatly reduced as compared with 1938 and 1939; and in addition thereto, the City will have a rehabilitated physical plant.

The proposed improvements must be made in any case in the near future. To delay further means that the cost of the improvements to the City will become greater, not only because of the failure of the City to avail itself of Federal grants, but because the City Plant will have depreciated and deteriorated so much more by reason of the delay.

I can sincerely and conscientiously submit this proposed bond issue to the people of Pittsburgh for their favorable action.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

No. 1167.

Pittsburgh,
June 30, 1938.

President and Members,
City Council.

Gentlemen:

In re: Bill Nos. 1163-1164

With reference to Bill No. 1163, An Ordinance appropriating \$5,000.00 from Bond Fund 126, Public Welfare Bonds 1935, for costs and expenses of Children's activities in Day Camps:

I have consulted the Deputy Controller and he is of the opinion that their Solicitor will advise that expenditures for the above purpose are not properly chargeable to the above bond fund.

I would, therefore, recommend that Council pass finally Bill No. 1164, a Resolution transferring \$5,000.00 from Code Account No. 1553 to Code Account No. 1921, this being an alternative bill serving the same purpose.

Respectfully submitted,

Richard Neff,

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Evans	Weir
Gallagher	Wolk
Garland	O'Toole (Pres't)
McArdle	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1133. An Ordinance entitled, "An Ordinance establishing the grade of Daniels street, from Dengler street to the easterly line of the Plan of Samuel P. Hollis heirs".

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.	McArdle
Evans	Weir
Gallagher	Wolk
Garland	O'Toole (Pres't)
Ayes 7.	Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 760. An Ordinance entitled, "An Ordinance vacating a portion of Liberty avenue, from a point 49 feet west of 26th Street, to 26th Street".

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which was read.

Mr. **Wolk** moved

That the request be granted.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. **Weir** presented

No. 1181. Resolved, That it is the desire of Council, in the construction of the new Municipal Hospital, the Mayor and the Director of the Department of Public Health employ Pittsburgh engineers and architects.

Which was read.

Mr. **Weir** moved

The adoption of the resolution.

Mr. **McArdle** arose and said:

Mr. President:— I am fully in accord with the purposes of the resolution, but it seems to me that if it is the desire of the Council to act, the time will come later when legislation to make it effective will be submitted to the body for action. At that time the members can express themselves upon it.

So far as I know, no appropriation has

been made heretofore for the construction of this hospital until today when the Council passed finally Bill No. 906, which was submitted by the administration. That merely provides the money for the payment of the preliminary expenses for architectural, engineering and other technical services in connection with the preparation of the plans. No one will have any authority to encumber the City in any indebtedness for the building of the hospital.

When the time comes to make the arrangement to carry this out, it will be within the province of the Mayor and the Director of Public Health if the Council adopts legislation to that effect, and that legislation will determine under what terms the architect or firm of architects shall be employed.

While the adoption of this resolution might be all right for the purpose of preliminarily putting ourselves on record, the effective way to do it will be by passing legislation at the proper time authorizing the employment of these technical services.

Mr. **Garland** arose and said:

Mr. President:— It is a question whether Council wants to exercise its prerogative. We can name the architect and engineers. This resolution merely serves notice on the Mayor and the Director of Public Health that when the services of these men are required they shall be selected from the ranks of the technical men who are residents of Pittsburgh.

Mr. **McArdle** arose and said:

Mr. President:— The only danger I see in the resolution is that it implies, and only implies, that the architects and engineers shall be residents of Pittsburgh. It has no binding effect upon the Mayor and the Director of Public Health as to whom they shall select. That determination will be made by the Council when the ordinance is before it. The Council will also determine what restrictions shall be placed on the persons selected to do this work.

Mr. **Wolk** arose and said:

Mr. President:— In order to clarify the resolution, might it not be sufficient to say that only Pittsburgh engineers and architects shall be employed in connection with the construction of the municipal hospital?

Mr. Wolk moved

To amend the resolution by striking out the words "the Mayor and the Director of the Department of Public Health employ Pittsburgh engineers and architects," and by inserting in lieu thereof, "that only Pittsburgh engineers and architects be employed in connection therewith."

Which motion prevailed.

And on the question, "Shall the resolution, as amended, be adopted?"

The motion prevailed.

Mr. McArdle moved

That when Council adjourns, it shall adjourn to meet at the call of the Chair, or by call as otherwise provided in the rules.

Which motion prevailed.

And Council adjourned.

ONE HUNDREDTH COUNCIL

COUNCIL

JAMES L. O'TOOLE, JR. President
EDW. W. LINDSAY City Clerk
JAS. W. PATTERSON Ass't City Clerk

Pittsburgh, Pa.

Thursday July 7, 1938.

Council met pursuant to the following call:

Pittsburgh, Pa.,
July 5, 1938.

Mr. E. W. Lindsay,
City Clerk
City-County Building
Pittsburgh, Pennsylvania

Dear Sir:

Please call a special meeting of the City Council for Thursday, July 7, 1938, at 1:00 P. M. Eastern Standard Time, for the purpose of receiving and acting upon a communication from the Mayor concerning conduct of the City Law Department, and for the transaction of such other business as may come before the meeting.

Sincerely yours,

Cornelius D. Scully,
Mayor.

Which was read, received and filed.
Present:—Messrs.

Evans Weir
Garland O'Toole (Pres't)

McArdle
Absent:—Messrs.

Demmler Wolk

PRESENTATIONS

The Chair presented
No. 1182.

Pittsburgh, Pa., July 7, 1938.

President and Members
The City Council
City of Pittsburgh
Pittsburgh, Pennsylvania.
Gentlemen:—

Herewith find, for your consideration, a draft of resolution calling for an investigation by you of the matter of consent verdicts agreed to by the Law Department.

The implications of recent newspaper articles are extremely grave and it is not necessary to call to your attention the obligation which rests upon us as elected officials to take the necessary steps to protect fully the city's interests. To that end a thorough investigation of the circumstances of each case should be made.

Your favorable action on the resolution and the prompt furtherance of its purpose is urged.

Sincerely yours,

Cornelius D. Scully,
Mayor.

Which was read, received and filed.

Also

No. 1183. WHEREAS, In a communication this day received from the Mayor, the Council has been requested to cause an investigation to be made in the matter of settlement of cases by consent by the law department; and

WHEREAS, Such investigation seems proper to protect the interests of the City; Now, be it

RESOLVED, That Council sit and act under the authority of Section One (1) of the Act of 1903, to undertake an examination into the facts of the several

cases handled from January 1, 1938, to date, in which consent verdicts have been entered; and be it further

RESOLVED, That to facilitate such investigation the President of Council be authorized, as provided in the said act, to subpoena such witnesses and records as may be necessary to deal adequately with all the facts in the premises.

Which was read.

Mr. Evans moved

The adoption of the resolution

Mr. Garland moved

To amend the resolution by inserting after the words "have been entered" the words "and all other settlements".

Which motion prevailed.

Mr. McArdle arose and said

Mr. President: It is my judgment that the resolution should have been much more fully expressive of the purposes of the investigation desired by the Mayor. However, with the amendment just adopted it is broad enough to proceed, with the idea in mind, if it needs broadening, it can be taken care of later. With that in mind, I shall support the resolution as amended, and after that, then, I shall ask the privilege of offering another motion dealing with the subject.

And the question recurring on the adoption of the resolution, as amended, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Evans Weir

Garland O'Toole (Pres't)

McArdle

Ayes 5. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. McArdle moved

That the Mayor be requested to furnish to Council at the earliest possible moment all information which he has dealing with the subject-matter that impelled him to send to council the communication of today and the resolution attached, which has just been adopted, and any other information or reports which are in his possession, which he believes would shed light on the subject-matter, or facilitate the progress of the investigation when entered into.

Which motion prevailed.

The Chair said:

What is your suggestion, gentlemen, as to a future meeting of Council or as committees, to organize the investigation referred to in the resolution?

Mr. McArdle arose and said:

Mr. President: I think it ought to be fixed at such time as it will be possible for the two members not detained from official business through sickness, to have an opportunity to be in attendance, and with that in mind, I move

That the fixing of the time be left to the Chair.

Which motion prevailed.

The Chair said:

The Chair now fixes Tuesday, July 12, 1938, at 1:00 o'clock P. M., (Eastern Standard Time) as the time for a meeting of the Committee on Finance and the Committee on Hearings to organize the investigation referred to in the resolution.

Mr. McArdle arose and said:

Mr. President: Before passing upon that subject, I think it would be well to get into the record now a further motion on this subject. I move

That any person or persons having information dealing with the subject-matter of the resolution just adopted, which they desire to place into the hands of Council, do so immediately, and those having information of others who might contribute to the purpose of the investigation and who might require a subpoena to secure their attendance, notify the President of Council, and that he take the necessary steps for the issuance and serving of such subpoenas, as provided by law.

Which motion prevailed.

Mr. Evans presented

No. 1184. An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the costs thereof.

REPORTS OF COMMITTEES

Mr. **Gallagher** (for Mr. **Demmler**) presented

No. 1201. Report of the Committee on Finance for July 15, 1938, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also

Bill No. 1184. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the costs thereof."

In Finance Committee, July 15, 1938, bill read and amended in Section 1, by inserting as shown in red, and, as amended, ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. **Gallagher** moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. **Gallagher** moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Gallagher

Weir

Garland

Wolk

McArdle

O'Toole (Pres't)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation.

Bill No. 1171. Resolution authorizing and directing the City Controller to transfer the sum of \$50,000.00 from Code Account No. 1522-1, Garbage and Rubbish Disposal, to Code Account No. 42, Contingent Fund.

Which was read.

Also

Bill No. 1172. An Ordinance entitled, "An Ordinance appropriating the sum of Fifty Thousand (\$50,000.00) Dollars from Code Account No. 42, Contingent Fund, for the purpose of providing funds for the development and continuance of an engineering and economic study and survey for the furtherance of a pure water supply for the City of Pittsburgh."

Which was read.

Also,

Bill No. 1173. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to develop and continue an engineering and economic study and survey for the furtherance of a pure water supply for the City of Pittsburgh, the cost of said study and survey not to exceed Fifty Thousand (\$50,000.00) Dollars and for that purpose to employ necessary engineers, technicians, statisticians and clerical assistants, and to pay wages, salaries and other costs incident thereto from such sums as may be appropriated by Council therefor."

Which was read.

Mr. McArdle arose and said:

Mr. President:— What I have to say applies to Bill No. 1173. I moved separate consideration of the other bills for the reason that if Bill No. 1173 is not passed it is not necessary to enact the other two bills.

I am opposed to the passage of this ordinance, providing for an appropriation of \$50,000.00 to carry on what is referred to in the bill, as the development and continuation of an engineering and economic study and survey for the furtherance of a pure water supply for the City of Pittsburgh.

This proposal comes to us with no information back of it except a brief letter from the Mayor and what information there is in the bills themselves. Most of us, perhaps, know that back of this, depending on how the bills and the letter are to be interpreted, it has to do with a proposal to make a study of a new water supply for the City of Pittsburgh and environs from an entirely new source, the cost of which is roughly estimated to be somewhere in the neighborhood of \$70,000,000.

Now, it is my judgment, if we are to go into the problem of investigating the water supply for the City of Pittsburgh, we should do so upon the basis of information from reliable sources, which should come, first and necessarily, I think, from the Department of Public Works which is charged with the administration and operation of our Bureau of Water. They should indicate that the present water supply of the City of Pittsburgh is not adequate in quantity and not satisfactory in quality, or that at a reasonably early date it might cease to meet either of these two requirements.

We have nothing in our record regarding the discussion that is going on in the public press and among private individuals to indicate that there is a single fault either with the adequacy or the character of the water furnished the people of the City of Pittsburgh.

And if we did have such information that led to the suggested necessity of going into a study, it certainly ought to be upon the basis that we were going in to study the water problem and there would be no question or doubt that we were going to study it in its broadest aspect and that it would be couched in language that could not be misconstrued to mean anything else than to, first, secure the services of undoubtedly competent water works and sanitary engineers and water works engineers and others whose opinions are proven worthwhile by their past reputation and rec-

ord. And that the work that they would have assigned to them would reach into every phase of this question where there might be found anything of importance to bring us an answer.

I happen to know little about this, but I do know that among men well versed in the problem of water supply for this district and particularly the City of Pittsburgh, there is anything but an approach to unanimity upon the question that anything of importance is to be done with the water supply of the City of Pittsburgh. And insofar as this resolution or ordinance, and the Mayor's letter might be interpreted, to continue what might be referred to as an unofficial inquiry that has been going on, it is certain in my mind that no well-informed person on the question of a water supply for a great community like Pittsburgh would limit it to that particular territory. I happen to be convinced that some of the best-informed persons in this matter believe this proposal is entirely without practicability, to put it mildly. Then deciding, first, that the water supply needs attention, there would be no necessity for going to the extent of spending such a substantial sum as \$70,000,000 in order to correct that. Seventy million dollars, remember, is slightly less than 10 per cent, in excess of our entire bonded indebtedness, which includes outstanding bonds for payment of our present water supply system.

It is intended to ignore that which I am led to believe is the most practical source of a new water supply and the cheapest, and that is the Allegheny watershed itself.

And in addition, men of rather extended understanding, or reputedly so, believe the territory this legislation proposes to study could not possibly offer a permanent water supply for Pittsburgh with protection against drought in a territory from which it draws its supply.

We are doing this at a time when the Federal Government is expending huge sums of money to build dams on the Allegheny watershed—an outstanding value of which is intended to be the improvement of the water supply which extends down to that point, which it might control at the confluence of the Kiski-

mentas and Allegheny rivers, but where it might not control it beyond because of the acid conditions of the Allegheny river. It is at that point where a study of a new water supply ought to begin.

I do not know whether any of these men are right or wrong, but I do know an opinion such as theirs ought not to be ignored.

Council ought not to launch itself upon any program calling for the expenditure of \$50,000.00 upon the information contained in this ordinance or on the basis of the knowledge conveyed to the members of Council by those who advocate this project.

In my experience as a member of Council, I never knew of a proposition of such magnitude being presented with so little preliminary information in support of it.

Let it be remembered that whatever may be done or what has been done with respect to this inquiry, there has never been presented to this body a bit of information as to what has been done or what the results of previous inquiries have been. It does not seem to me that that ought to be treated with any decree of secrecy. If we have an inadequate water supply, we certainly should not approach it with any decree of secrecy, if it is to ultimately involve the expenditure of anything like the sums that have been discussed in the meetings I have taken part and with which I am familiar. And particularly, too, it cannot be ignored, when some of the persons who are informed of what has been done are in possession of the opinion of at least one well-reputed engineer who believes that the best water supply that could be obtainable for Pittsburgh, if an improvement on its own water supply proves needful, could be provided at an expense of perhaps little more than 10 per cent of what we are led to believe is the estimated cost of this project.

With these things back of my mind, I am not going to vote for the passage of an ordinance which gives virtually carte blanche, \$50,000.00 for the purposes set forth in the legislation itself and over which Council has no control and over which it could not satisfactorily exercise control even though Council provided it in the bill itself, because

of previous experience in matters of this kind.

I propose to vote against all three bills and to vote against any substantial appropriation for the purpose of an inquiry into the question of the water supply until we have somebody who is responsible for it, lay before us the reasons which impel them to believe that Pittsburgh ought now to begin the consideration of a new or more adequate water supply, or a better water supply; the reasons for it; the opinions that support it; and what they propose to do with it, and how thorough and comprehensive their reports will be; and further, until I am satisfied that we will not spend \$40,000, \$50,000 or \$100,000 to ultimately find that we will have to look into a different source, even though we are convinced we need a new water supply. I want to know it for additional reasons, because I do not want the impression to go out to the people of Pittsburgh that our water supply is not among the best in the State of Pennsylvania, and for the further reason, since the installation of our present water supply system, it is not among the best water-producing plants of our entire State if not the Nation.

Mr. **Wolk** arose and said:

Mr. President:— When do we meet in committee again?

The **Chair** said:

No date has been fixed.

Mr. **Wolk** said:

The date has not been fixed. Are we holding any hearings outside this investigation?

The **Chair** said:

The first hearings scheduled are on August 3rd. Because of the large number of papers that have been presented today, unquestionably the committees will meet in the near future.

Mr. **Wolk** said:

Mr. President:— We have had many informal meetings in connection with this proposed new water supply project. I don't recall whether Mr. McArdle was present; I know Mr. Garland was present.

If there is any question in his mind as to the matters that were discussed

at these informal meetings with the Mayor and the other people, the reports were from reliable sources; as, for example, a report from the Chief Hydraulic Engineer of the Aluminum Company of America was presented.

In view of Mr. McArdle's remarks, I think it would be advisable, since we are going to meet in committee shortly, to recommit these bills and have the Mayor submit all the reports he submitted informally. I think all the members were invited to these informal meetings and discussed these matters fully.

Mr. **McArdle** arose and said:

Mr. President:— May I be permitted to say for the record, the only conference I attended of which I have knowledge, was one at which the report was shown, discussed and not presented to Council at any subsequent time. I don't recall having been in attendance at any other conference on this subject, nor do I recall having been invited to any others. I am not clear on that though.

Mr. **Wolk** moved

That Bill Nos. 1171, 1172 and 1173 be recommitted to the Committee on Finance, and that the Mayor be requested to present to the Committee on Finance all the reports and all the information in his possession in connection with these bills.

Which motion prevailed.

Also

MOTIONS AND RESOLUTIONS

Mr. **Weir** arose and said:

Mr. President:— I just presented a communication from the Squirrel Hill Board of Trade favoring the continuance of the merry-go-round in Schenley Park.

I would like to add to that communication that the residents of the North Side, in large numbers, asked me to continue in operation the merry-go-round in Riverview Park.

I was going to ask the Director of the Department of Public Works to furnish a report as soon as possible on both merry-go-rounds, as to their condition, what it would cost to put them in operation, and how soon this can be done.

You will recall that the Director reported that the merry-go-round in Schenley Park required extensive repairs,

while the one in Riverview Park could be operated at small cost tomorrow.

Mr. **Weir** moved

That the Director of the Department of Public Works be requested to furnish a prompt report on the merry-go-rounds in Schenley and Riverview Parks; this report to contain a statement as to their condition, what it would cost to put them in operation, and how soon they can be put in operation for the use of the public.

Which motion prevailed.

Mr. **Gallagher** moved

That the Minutes of Council of Monday, June 27, Thursday, June 30, and Thursday, July 7, 1938, be approved.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared

Council adjourned.

COUNCIL

JAMES L. O'TOOLE, Jr.,.....President

Pittsburgh, Pa.,

Wednesday, August 10, 1938.

The hour of 10:00 o'clock, A. M., (Eastern Standard time) having arrived, and the time of the recess having expired, Council reconvened, and there were present: Messrs.

Gallagher	Weir
Garland	Wolk
McArdle	O'Toole (Pres't)

Absent:—Messrs.

Anderson	Evans
Demmler	

The chair said:

Gentlemen, Council recessed until this time to take final action on the ordinances affirmed in the Committee on Finance yesterday.

The recess was occasioned by the absence of the certificate of election from the Board of Election or the Judges, who have to issue such a certificate.

Council is now advised for the first time that five days must elapse after the result of the election is determined, so that the certificate can be issued.

The ordinance authorizing the sale of

the notes recites that such certificate has been received and is part of the minutes.

Perhaps we should have advice from Mr. Rodgers who prepared the legislation as to Council's rights and powers to pass this legislation at this time.

Bennett Rodgers, Assistant City Solicitor, who being present, said:

Which legislation is that, Mr. President?

The Chair

The whole thing, Mr. Rodgers, is a nullity unless we pass the ordinance for the sale of the short-term promissory note of \$3,250,000.00.

Mr. Rodgers

I am afraid that cannot be passed until Council has received the certification of the return, certifying that the bond issue election was passed favorably. I understand from Mr. Schock that that may not be available for several days.

The Chair

Was this question taken into consideration when the ordinances were submitted to Council?

Mr. Rodgers

We had anticipated that the Return Board would act more promptly, and we would have the certification before this time.

The Chair

The Bureau of Elections advises that the Act of 1874 is not repealed by the General Election Code of 1937. The Act of 1874 provides that an election for an increase of indebtedness should be certified by the Clerk of Courts, no five-day waiting period being required.

Mr. Rodgers

I have not made any particular study of this question. Mr. Schock is handling that branch of it. He tells me that a certificate will be forthcoming

in five days from today, which will be next Monday.

The **Chair**

What is the pleasure of Council?

Mr. **McArdle**

We have no pleasure.

Mr. **Weir**

Does that mean, it will be ready next Monday; five days including next Monday?

Mr. **McArdle** moved

That the Department of Law be called upon to furnish Council with a written opinion as to the procedure in detail that may be followed in completing the passage of the legislation now before the body respecting each of the various steps that may be taken, and that the President of Council be authorized to call a special meeting of Council at the earliest date consistent with that opinion after it is received by him, and that opinion to be in his hands not later than tomorrow morning.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. **Garland** (for Mr. **Evans**) presented

No. 1384. Report of the Committee on Public Works for July 28, 1938, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 897. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 3, 1923, Zone Map, Sheet Z—N10—E15 by including within the 'B' Residence District all that certain property, now classified 'C' Residence District, bounded by the northerly side of Forbes street; the easterly side of Devon road; a line parallel with and distant 200 feet northwardly from Forbes street; the westerly line of lot numbered 29 in 'Morewood Heights' and Beeler street".

Which was read.

Mr. **Garland** moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. **Garland** also presented
No. 1385.

Pittsburgh, Pa., August 10, 1938.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

The property of the remonstrant, C. Chester Kaufman, while in the rear of the proposed reclassification, does not abut the same.

The property of the remonstrants, Warren A. and Nellie G. Emery, while to the side of the involved site, is not within the prescribed 100 feet.

Yours respectfully,

S. McC. Lippincott.
Assistant Engineer.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Gallagher

Weir

Garland

Wolk

McArdle

O'Toole, (Pres't)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The **Chair** stated

Gentlemen: The Committee and Council meetings called for Thursday, August 11, 1938, at 2:00 o'clock P. M. and 2:30 o'clock P. M. (E. S. T.) respectively will be cancelled.

And there being no further business before the meeting, the **Chair** declared

Council adjourned.

EXEMPLIFICATION

of the

Court Record of No. 13 May Sessions, 1938

In re:

Bond Issue Election, held May 17, 1938, for Bond Issue amounting to \$1,350,000.00

Anne X. Alpern,
First Assistant
City Solicitor.

No. 125.

Bill No. 391. An Ordinance signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of One Million Three Hundred Fifty Thousand and no/100 Dollars (\$1,350,000.00), for the purpose of acquiring the necessary land, and for constructing, equipping, establishing and furnishing a municipal hospital, and auxiliary buildings necessary for the proper functioning of the hospital, within the City of Pittsburgh, for the care of persons suffering from infectious, contagious and other diseases, and for all other proper and necessary expenses in connection therewith; providing for the acquisition and for the construction and equipment of the municipal hospital for infectious, contagious and other diseases by the City of Pittsburgh, alone or jointly with the County of Allegheny; providing for a public election to be held in the said City for the purpose of obtaining the assent of the electors thereof to such increased indebtedness; and providing for notice of such election.

Whereas, the present contagious disease hospital in the City of Pittsburgh is inadequate for the purposes intended and, in the opinion of Council, it is necessary that a new hospital be constructed, established, equipped and furnished for the purpose of providing hospitalization for persons suffering from infectious, contagious and other diseases within the City of Pittsburgh, which expenditure the City

is unable to meet from current revenues; and,

Whereas, Necessary funds therefor must be obtained by an increase of indebtedness of the said City by the issuance and sale of bonds; Now, Therefore

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania, entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same and to impose penalties for the illegal increase thereof", approved April 20, 1874, and the several amendments and supplements thereof, and all other laws of the Commonwealth relating to the subject-matter of this Ordinance, for the purpose of acquiring necessary land and for constructing, equipping, establishing and furnishing a municipal hospital, and auxiliary buildings necessary for the proper functioning of the hospital, within the City of Pittsburgh, for the care of persons suffering from infectious, contagious and other diseases, and for all other proper and necessary expenses in connection therewith; such acquisition, construction, equipment and furnishing to be effected by the City of Pittsburgh, alone or jointly with the County of Allegheny, the corporate authorities of said City do hereby signify a desire to make an increase of indebtedness of said City, in the amount and for the purpose as set forth in Section 2 hereof.

Section 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at the regular primary election to the said electors as hereinafter provided, reading as follows:--

Shall the indebtedness of the City of Pittsburgh be increased in the amount of One Million Three Hundred Fifty Thousand and no/100 Dollars (\$1,350,000.00), for the purpose of providing for the cost of acquiring the necessary land and for the construction, establishment, equipping and furnishing of a municipal hospital and auxiliary buildings necessary for the proper func-

tioning of the hospital within the City of Pittsburgh, for the care of persons suffering from infectious, contagious and other diseases, and for the purpose of other proper and necessary expenses in connection therewith, by the City of Pittsburgh, alone or jointly with the County of Allegheny?

Section 3. That the said proposition shall be submitted to the electors of the City of Pittsburgh at the regular primary election to be held on Tuesday, the seventeenth (17th) day of May, 1938, at the places, time and under the same regulations as provided by law for the holding of municipal elections.

Section 4. NOTIFYING THE ELECTORS OF SAID CITY OF A PUBLIC ELECTION FOR THE APPROVAL OR DISAPPROVAL OF A MUNICIPAL BOND ISSUE AT THE REGULAR PRIMARY ELECTION TUESDAY, MAY 17, 1938.

Pursuant to the provisions of the Act of Assembly, approved the twentieth day of April, A. D. 1874, P. L. 65, and pursuant to a City Ordinance duly enacted by the Council of the City of Pittsburgh, passed by said Council March 14, 1938, and approved by the Mayor March 23, 1938, recorded in Ordinance Book, Vol. 48, page 594.

NOTICE IS HEREBY GIVEN That, at the regular primary election to be held on Tuesday, the seventeenth day of May, 1938, at the time, places and under the same regulations as provided by law for the holding of municipal elections, the question of obtaining the assent of the electors of the City of Pittsburgh to an increase of the indebtedness of said City, amounting to \$1,350,000.00, will be considered.

The amount of the last assessed val-

uation of taxable property in the City of Pittsburgh is \$1,098,861,670.00.

The amount of the existing debt of the City is \$55,755,871.73.

The total amount of the debt on the City, including all proposed increases thereof, is \$57,105,871.73.

The percentage of the total amount of all such proposed increases to the last assessed valuation of taxable property in the City is .12285+ per cent.

The amount of the proposed increases of the indebtedness of the City and the purposes for which the indebtedness is to be increased, are set forth in the following question, which will be submitted to the electors of the City at said election, namely:

Shall the indebtedness of the City of Pittsburgh be increased in the amount of One Million Three Hundred Fifty Thousand and no/100 Dollars (\$1,350,000.00), for the purpose of providing for the cost of acquiring the necessary land and for the construction, establishment, equipping and furnishing of a municipal hospital and auxiliary buildings necessary for the proper functioning of the hospital, within the City of Pittsburgh, for the care of persons suffering from infectious, contagious and other diseases, and for the purpose of other proper and necessary expenses in connection therewith, by the City of Pittsburgh, alone or jointly with the County of Allegheny?

Yes

No

The above question for the increase of indebtedness of the City will be so printed on the ballots that the electors may vote for or against such question.

The said election shall be held during the same hours of the day, namely, between 7:00 o'clock A. M., and 8:00 o'clock P. M., Eastern Standard Time, on Tuesday, May 17, 1938, and by the same election officers as the regular primary election to be held on said date, pursuant to law.

GENERAL CERTIFICATE OF RESULT

To be Filed in the Clerk of Quarter Sessions Office

We, the undersigned Judges, having been respectfully designated by the

Judges of the Court of Quarter Sessions, of Allegheny County, Pennsylvania, to perform the duty of receiving, computing and certifying the returns of a Special Public Election held in the City of Pittsburgh, County of Allegheny, State of Pennsylvania, on the 17th day of May, A. D. 1938, by authority of the ordinance of said City of Pittsburgh, duly approved by the Council thereof, on the 14th day of March, 1938, for the purpose of obtaining the assent of the Electors of said City to an increase of its indebtedness for the purpose set forth in the following question submitted to them at said Election, and voted upon thereat by said Electors:

QUESTION—Shall the indebtedness of the City of Pittsburgh be increased in the amount of One Million Three Hundred Fifty Thousand and no/100 Dollars (\$1,350,000.00), for the purpose of providing for the cost of acquiring the necessary land and for the construction, establishment, equipping and furnishing of a municipal hospital and auxiliary buildings necessary for the proper functioning of the hospital, within the City of Pittsburgh, for the care of persons suffering from infectious, contagious and other diseases, and for the purpose of other proper and necessary expenses in connection therewith, by the City of Pittsburgh, alone or jointly with the County of Allegheny?

do hereby certify that at 12 o'clock noon on the 20th day of May, 1938, being the third day after the said Special Public Election, we met..... in the Court House of said Allegheny County, and received from the Clerk of the Court of Quarter Sessions of said County the returns of said Election, in accordance with law. We thereupon caused the said returns to be opened, and a count of the votes cast at said Election to be made in our presence, and under our supervision, by officers of the said Court of Quarter Sessions and clerks and assistants appointed by us, for said purpose; and the said officers, clerks and assistants were first duly sworn well and truly to perform their said duties. All the votes cast at said Election, as returned to us, having been properly counted and tab-

ulated, the following were and are the results of said count, showing the number of votes in favor of an increase of indebtedness for the purpose set forth in the foregoing question, as indicated by the word "Yes," and the number of votes against such increase of indebtedness, as indicated by the word "No."

The total number of votes cast in favor of increase of indebtedness was 44928

The total number of votes cast against increase of indebtedness was 20989

The majority of votes cast at said Election in favor of increase of indebtedness was 23939

000.00; and publication of Desire Ordinance, Proclamation of the Mayor and Proclamation of the Board of Election, and Proofs of Publication.

Anne X. Alpern,
First Assistant City Solicitor.

No. 271.

Bill No. 961

AN ORDINANCE signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying the City's share of the cost, damage and expense of making improvements generally in the City, including engineering and architectural expenses, and providing that said proposition shall be submitted to the electors of the City of Pittsburgh at a special election to be held on the 2nd day of August, 1938.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That in pursuance of an Act of Assembly of the Commonwealth of Pennsylvania, entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities; to provide for the redemption of the same, and to impose penalties for the illegal increase thereof", approved April 20, 1874, and the several amendments thereof and supplements thereto, and all other laws of the Commonwealth relating to the subject matter of this ordinance, the corporate authorities of the said City do hereby signify a desire to make an increase in the indebtedness of the said City in the amount and for the purposes as set forth in Section 2 hereof.

SECTION 2. That for the purpose of obtaining the assent of the electors of the said City to an increase of indebtedness of said City, a proposition shall be submitted at a special election to the said electors as hereinafter provided, reading as follows:

"Shall the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying, in the amounts hereinafter allocated and set forth, the City's share of the cost, damage and expense, including engineering and architectural expenses, of making improvements generally in the City, as follows:

(a) One Million Six Hundred Fifty Thousand (\$1,650,000.00) Dollars for opening, widening, straightening, vacating extending, grading, regrading, paving, repaving, repairing, reconstructing, laying and relaying sidewalks, sewers, drains, waterlines, constructing and reconstructing retaining walls and steps, and otherwise improving of new and existing streets, avenues, ways, boulevards, park roads, and any and all such improvements as may be incidentally necessary to intersecting and adjacent streets, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(b) Two Million Two Hundred Thousand (\$2,200,000.00) Dollars for additions, extensions and improvements to the sewer and drainage systems of the City, including among others, the following:

Thirty-third Street Drainage Basin
Negley Run Drainage Basin
Four Mile Run Drainage Basin
Columbus Avenue Drainage Basin,

no part of the said sum to be used except as a supplement to funds granted by the Federal Works Administration, or such other Federal agency as may succeed its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(c) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Willmot Street Bridge
Herrs Island Bridge
Corliss Station Bridge,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(d) Eight Hundred Twenty-five Thousand

(\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary buildings and equipment therefor, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(e) Six Hundred and Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering, architectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?"

SECTION 3. That the said proposition shall be submitted to the electors of the City of Pittsburgh at a special election, to be held on the 2nd day of August, 1938 between 7:00 A. M. and 8:00 P. M., E. S. T., and the said election shall be held at the places and under the same regulations as provided by law for the holding of municipal elections.

SECTION 4. The Mayor of the said City shall give notice of said election during at least thirty (30) days, by weekly advertisements in the newspapers, not exceeding three (3) in said City, and said notice shall contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase, and of the purposes for which the indebtedness is to be increased.

SECTION 5. The Mayor of the said City and all other municipal and county officials and the election officers are hereby authorized and directed to do all acts and things which may be necessary for the lawful holding and conducting of the said election in the manner provided by law, and all expenses occasioned by said election lawfully payable by the City shall be payable out of Code Account No. 42, Contingent Fund.

SECTION 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Ordained and enacted into a law in Council, this 20th day of June, A. D., 1938.

PROCLAMATION

City of Pittsburgh, Pennsylvania
Notifying the Electors of Said City of a Special Public Election for the Approval or Disapproval of a Municipal Bond Issue at a Special Election

TUESDAY, AUGUST 2, 1938

Pursuant to the provisions of the Act of Assembly, approved the twentieth day of April, A. D. 1874 P. L. 65, and its amendments, and pursuant to a City Ordinance duly enacted by the Council of the City of Pittsburgh, passed by said Council June 20, 1938, and approved by the Mayor June 22, 1938, recorded in Ordinance Book, Vol. 49, page 72.

Notice is Hereby Given That, at a special election to be held on Tuesday, the second day of August, 1938, between 7:00 A. M. and 8:00 P. M., E. S. T. at the time, places and under the same regulations as provided by law for the holding of municipal elections, the question of obtaining the assent of the electors of the City of Pittsburgh, Pennsylvania, to an increase of the indebtedness of said City amounting to Eight Million (\$8,000,000.00) Dollars, will be considered.

The amount of the last assessed valuation of taxable property in the City of Pittsburgh is \$1,099,107,530.00.

The amount of the existing debt of the City is \$58,361,843.23.

The total amount of the debt of the City, including all proposed increases thereof, is \$65,371,141.48.

The percentage of the total amount of all such proposed increases to the last assessed valuation of taxable property in the City is .72786+ per cent.

The amount of the proposed increase of the indebtedness of the City and the purposes for which the indebtedness is to be increased, are set forth in the following question, which will be submitted to the electors of the City at said Special Election, namely:

QUESTION

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying, in the amounts herein-after allocated and set forth, the City's share of the cost, damage and expense, including engineering and architectural expenses, of making improvements generally in the City, as follows:

- (a) One Million Six Hundred Fifty Thousand (\$1,650,000.00) Dollars for opening, widening, straightening, vacating, extending, grading, regrading, paving, repaving, repairing, reconstructing, laying and relaying sidewalks, sewers, drains, waterlines, constructing and reconstructing retaining walls and steps, and otherwise improving of new and existing streets, avenues, ways, boulevards, park roads, and any and all such improvements as may be incidentally necessary to intersecting and adjacent streets, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (b) Two Million Two Hundred

Thousand (\$2,200,000.00) Dollars for additions, extensions and improvements to the sewer and drainage systems of the City, including among others, the following:

Thirty-third Street Drainage Basin
Negley Run Drainage Basin
Four Mile Run Drainage Basin
Columbus Avenue Drainage Basin,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (c) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Wilmot Street Bridge
Herrs Island Bridge
Corliss Station Bridge,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (d) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City, by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary buildings and equipment therefor, no part of the said

Yes

sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (e) Six Hundred and Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering, architectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?

The above question for the increase of indebtedness of the City will be so printed on the ballots that the electors may vote for or against such question.

CORNELIUS D. SCULLY,
Mayor of the City of Pittsburgh.

Dated: Pittsburgh, Pa., the
28th day of June, 1938.

**SPECIAL ELECTION PROCLAMATION
COUNTY BOARD OF ELECTIONS.**
for
**INCREASE OF INDEBTEDNESS
CITY OF PITTSBURGH.
PENNSYLVANIA**

WE, the COUNTY BOARD OF ELEC-
TIONS of the County of Allegheny, Pa.
in accordance with the provisions of Sec-
tions 1201 and 1229 of the ELECTION
CODE of 1937, P. L. 1333, do hereby
give notice to the qualified electors of the
City of Pittsburgh that a Special Elec-
tion for the approval or disapproval of a
Municipal Bond Issue will be held in the
City of Pittsburgh, Pennsylvania, on
Tuesday, August 2, 1938, between the
hours of 7 A. M. and 8 P. M., E. S. T. at
the place and under the same regulations
as provided by law for the holding of
municipal elections, at which time the
qualified electors of the City will as-
semble at their respective polling places
hereinafter named.

The said Special Election will be held
on the following question:

QUESTION

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying, in the amounts hereinafter allocated and set forth, the City's share of the cost, damage and expense, including engineering and architectural expenses, of making improvements generally in the City, as follows:

- (a) One Million Six Hundred Fifty Thousand (\$1,650,000.00) Dollars for opening, widening, straightening, vacating, extending, grading, regrading, paving, repaving, repairing, reconstructing, laying and relaying sidewalks, sewers, drains, waterlines, constructing and reconstructing retaining walls and steps, and otherwise improving of new and existing streets, avenues, ways, boulevards, park roads, and any and all such improvements as may be incidentally necessary to intersecting and adjacent streets, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

Yes

- (b) Two Million Two Hundred Thousand (\$2,200,000.00) Dollars for additions, extensions and improvements to the sewer and drainage systems of the City, including among others, the following:
 Thirty-third Street
 Drainage Basin
 Negley Run
 Drainage Basin
 Four Mile Run
 Drainage Basin
 Columbus Avenue
 Drainage Basin,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal

agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (c) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Wilmot Street Bridge

Herrs Island Bridge

Corliss Station Bridge,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (d) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City, by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary buildings and equipment therefor, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (e) Six Hundred and Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said

sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering, architectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?

Said election will be held at the following polling places:

SPECIAL ELECTION PROCLAMATION,
COUNTY BOARD OF ELECTIONS,
for
INCREASE OF INDEBTEDNESS
CITY OF PITTSBURGH,
PENNSYLVANIA

WE, the COUNTY BOARD OF ELECTIONS of the County of Allegheny, Pa.,

in accordance with the provisions of Sections 1201 and 1229 of the ELECTION CODE of 1937, P. L. 1333, do hereby give notice to the qualified electors of the City of Pittsburgh that a **Special Election for the approval or disapproval of a Municipal Bond Issue** will be held in the City of Pittsburgh, Pennsylvania, on Tuesday, August 2, 1938, between the hours of 7 A. M. and 8 P. M., E. S. T., at the places and under the same regulations as provided by law for the holding of municipal elections, at which time the qualified electors of the City will assemble at their respective polling places hereinafter named.

The said Special Election will be held on the following question:

QUESTION

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying, in the amounts herein-after allocated and set forth, the City's share of the cost, damage and expense, including engineering and architectural expenses, of making improvements generally in the City, as follows:

- (a) One Million Six Hundred Fifty Thousand (\$1,650,000.00) Dollars for opening, widening, straightening, vacating, extending, grading, regrading, paving, repaving, repairing, reconstructing, laying and relaying sidewalks, sewers, drains, waterlines, constructing and reconstructing retaining walls and steps, and otherwise improving of new and existing streets, avenues, ways, boulevards, park roads, and any and all such improvements as may be incidentally necessary to intersecting and adjacent streets, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted. Yes
- (b) Two Million Two Hundred

Thousand (\$2,200,000.00) Dollars for additions, extensions and improvements to the sewer and drainage systems of the City, including among others, the following:

Thirty-third Street
Drainage Basin
Negley Run
Drainage Basin
Four Mile Run
Drainage Basin
Columbus Avenue
Drainage Basin,

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (c) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Willmot Street Bridge
Herrs Island Bridge
Corliss Station Bridge

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions and for the payment of damages incurred on projects for which such Federal funds are granted.

- (d) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City, by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary

buildings and equipment therefor, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (e) Six Hundred and Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

No

- (f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering, ar-

chitectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?

Said election will be held at the following polling places:

of

SPECIAL PUBLIC ELECTION
INCREASE OF INDEBTEDNESS
City of Pittsburgh
Allegheny County, Pa.
August 2nd, 1938

GENERAL CERTIFICATE OF RESULT TO BE FILED IN THE CLERK OF QUARTER SESSIONS OFFICE

We the undersigned Judges, having been respectfully designated by the

Judges of the Court of Quarter Sessions, of Allegheny County, Pennsylvania, to perform the duty of receiving, computing and certifying the returns of a Special Public Election held in the City of Pittsburgh, County of Allegheny, State of Pennsylvania, on the 2nd day of August, A. D. 1938, by authority of the ordinances of said City of Pittsburgh, duly approved by the Council thereof, on the 20th day of June, 1938, for the purpose of obtaining the assent of the Electors of said City to an increase of its indebtedness for the purpose set forth in the following question submitted to them at said Election, and voted upon thereat by said Electors.

QUESTION

Shall the indebtedness of the City of Pittsburgh be increased in the amount of Eight Million (\$8,000,000.00) Dollars, for the purpose of paying in the amounts hereinafter allocated and set forth, the City's share of the cost, damage and expense, including engineering and architectural expenses, of making improvements generally in the City, as follows:

- (a) One Million Six Hundred Fifty Thousand (\$1,650,000.00) Dollars for opening, widening, straightening, vacating, extending, grading, regrading, paving, repaving, repairing, reconstructing, laying and relaying sidewalks, sewers, drains, waterlines, constructing and reconstructing retaining walls and steps, and otherwise improving of new and existing streets, avenues, ways, boulevards, park roads, and any and all such improvements as may be incidentally necessary to intersecting and adjacent streets, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.
- (b) Two Million Two Hundred Thousand (\$2,200,000.00) Dollars for additions, extensions and improvements to the sewer and

drainage systems of the City, including among others the following:

Thirty-third Street
Drainage Basin
Negley Run
Drainage Basin
Four Mile Run
Drainage Basin
Columbus Avenue
Drainage Basin

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (c) Eight Hundred Twenty-five (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Wilmet Street Bridge
Herrs Island Bridge
Corliss Station Bridge

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

- (d) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City, by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary buildings and equipment therefor, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and

for the payment of damages incurred on projects for which such Federal funds are granted.

(e) Six Hundred and Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions and for the payment of damages incurred on projects for which such Federal funds are granted.

(f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering, architectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?

do hereby certify that at 12 o'clock noon on the 5th day of August, 1938, being the third day after the said Special Public Election, we met in the Court House of said Allegheny County, and received from the Clerk of the Court of Quarter Sessions of said

County the returns of said Election, in accordance with law. We thereupon caused the said returns to be opened, and a count of the votes cast at said Election to be made in our presence, and under our supervision, by officers of the said Court of Quarter Sessions and clerks and assistants appointed by us, for said purpose; and the said officers, clerks and assistants were first duly sworn well and truly to perform their said duties. All the votes cast at said Election, as returned to us, having been properly counted and tabulated, the following were and are the results of said count, showing the number of votes in favor of an increase of indebtedness for the purpose set forth in the foregoing question, as indicated by the word "Yes," and the number of votes against such increase of indebtedness, as indicated by the word "No."

The total number of votes cast in favor of increase of indebtedness was 57120

The total number of votes cast against increase of indebtedness was 34473

The majority of votes cast at said Election in favor of or against increase of indebtedness was ..

In favor of 22647

Against.....

Witness our hands and seals this 9th day of August, A. D. 1938.

**IN THE
COURT OF QUARTER SESSIONS OF
ALLEGHENY COUNTY,
PENNSYLVANIA.**

Commonwealth of Pennsylvania,
County of Allegheny, ss:

I, Alvin E. Dillman, Clerk of
the Courts of Quarter Sessions,

in and for said County, hereby
certify that the foregoing and
attached is a just, true, full and
(Seal) correct copy of the result of the
Special Bond Election for the
City of Pittsburgh, County of
Allegheny and State of Pennsyl-
vania, held on Tuesday, August
2nd, 1938, viz:

Question:

"Shall the indebtedness of the
City of Pittsburgh be increased in
the amount of Eight Million (\$8,-
000,000.00) Dollars, for the purpose
of paying, in the amounts herein-
after allocated and set forth, the
City's share of the cost, damage
and expense, including engineering
and architectural expenses, of mak-
ing improvements generally in the
City, as follows:

(a) One Million Six Hundred
Fifty Thousand (\$1,650,000.00) Dol-
lars for opening, widening, straight-
ening, vacating, extending, grading,
regrading, paving, repaving, repair-
ing, reconstructing, laying and re-
laying sidewalks, sewers, drains,
water lines, constructing and re-
constructing retaining walls and
steps, and otherwise improving
new and existing streets, avenues,
ways, boulevards, park roads, and
any and all such improvements as
may be incidentally necessary to in-
tersecting and adjacent streets, no
part of the said sum to be used ex-
cept as a supplement to funds
granted by the Federal Public
Works Administration, or such
other Federal agency as may suc-
ceed to its duties and functions,
and for the payment of damages in-
curred on projects for which such
Federal funds are granted.

(b) Two Million Two Hundred
Thousand (\$2,200,000.00) Dollars
for additions, extensions and im-
provements to the sewer and
drainage systems of the City, in-
cluding among others, the follow-
ing:

Thirty-third Street
Drainage Basin
Negley Run
Drainage Basin
Four Mile Run
Drainage Basin
Columbus Avenue
Drainage Basin
no part of the said sum to be used

except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(c) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for constructing, reconstructing, changing locations, improving and repairing highway bridges, viaducts and approaches thereto, including among others, the following:

Wilmot Street Bridge
Herrs Island Bridge
Corliss Station Bridge

no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal Agency as may succeed to its duties and functions and for the payment of damages incurred on projects for which such Federal funds are granted.

(d) Eight Hundred Twenty-five Thousand (\$825,000.00) Dollars for improving presently owned public parks and recreation properties of the City, by building, improving, replacing and remodeling playgrounds, playfields, gymnasiums, swimming pools, recreation centers, field houses, bleachers, bath houses, comfort stations, and necessary buildings and equipment therefor, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(e) Six Hundred Fifty Thousand (\$650,000.00) Dollars for improving and extending the water supply system by erecting, reconstructing and equipping storage tanks, structures and buildings and extending and improving the pipe line system, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages in-

curred on projects for which such Federal funds are granted.

(f) Three Hundred Fifty Thousand (\$350,000.00) Dollars for constructing additional facilities and reconstructing and remodeling existing facilities at Leech Farm Tuberculosis Sanatorium, no part of the said sum to be used except as a supplement to funds granted by the Federal Public Works Administration, or such other Federal agency as may succeed to its duties and functions, and for the payment of damages incurred on projects for which such Federal funds are granted.

(g) One Million Five Hundred Thousand (\$1,500,000.00) Dollars for the construction of any public improvements within the City within the general classifications above described, including the materials necessary for such improvements, preliminary expenses in connection therewith, to pay engineering architectural and labor costs, and other expenses incurred or to be incurred in connection with such municipal improvements?

as the same remains on file and of record in the Office of Clerk of Courts of Allegheny County, Pennsylvania, at No. 15 June Sessions, 1938 (Bonded Indebtedness Docket).

WITNESS MY HAND AND OFFICIAL SEAL of said Court at Pittsburgh, Pennsylvania, this 9th day of August, A. D. 1938.

Alvin E. Dillman,
(Seal) Clerk of Courts.

Also, with an affirmative recommendation,

Bill No. 1220. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of the American Reduction Company in the sum of \$110,946.66, in payment of services furnished for the benefit of the City during June, 1938, without previous authority of law".

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

President O'Toole called Mr. Gallagher to the Chair, and taking the floor, said:

"Bill No. 1220 is a Wallace Act ordinance for \$110,946.66 to the American Reduction Company for services allegedly rendered during the month of June. I propose to vote 'No'. I have consistently voted 'No' since the present unfortunate arrangement was entered into with the American Reduction Company around the first of the year, or shortly thereafter. Heretofore it has not made much difference because there have always been six votes in favor of the ordinances, and, therefore, the company got the money. I don't see why I should change my attitude or my vote, realizing that it now does make a difference, as far as this meeting is concerned, when one negative vote will defeat the bill.

As I understand the Wallace Act, ordinances passed under this authority are intended to pay moral obligations for which there was no authority in law. That in my mind carries with it the necessary implication that we authorize payment of the reasonable value of the services given without authority of law. No one has ever been able to convince me, nor will anyone be able to, that this does represent a reasonable value of the services rendered by this company. It is not a competitive price, but it always has been a holdup

price. It is more so now than ever, in that we do not even have a contract to compel them to continue their services until the end of the year, or even until the end of this month.

I realize that in voting 'No' I run the risk that the collection of rubbish and garbage will be disrupted because, obviously, this company is not going to go ahead unless they get paid. I realize that any interruption of this service will be something of a major calamity but, Mr. Chairman, I would almost be willing to vote for an earthquake if it would induce this administration to go ahead and build an incinerator.

I know that it is profitable for someone to delay this thing. It is obviously profitable to the present collectors, and I have no doubt that they are not at all enthusiastic about the immediate construction of an incinerator, and I have no doubt that they are always able to give reasons why the thing should be put off from month to month.

We all know that each month it means \$20,000.00 or \$30,000.00 to these people and, therefore, they will continue to interpose very cleverly all sorts of subterfuges which will continue the delay, unless, Mr. Chairman, it is made unprofitable to delay, and as soon as the profit is taken out of delay, then you might see some start toward the construction of an incinerator, and for that reason I am voting 'No'."

And President O'Toole resumed the Chair.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. **McArdle** moved

That the Law Department be requested to prepare and present at the next meeting of Council proper legislation providing for the repeal of all previous legislation authorizing the letting of a contract or contracts, for the building of a municipally owned incinerator or incinerators, and that the Department of Public Works be directed to prepare and present to Council proper legislation authorizing the filing of an application with the Public Works Administration asking for a grant for the building of a municipally owned incinerator.

Mr. **McArdle** said

In explanation I would like to say that I share very definitely the opinion expressed by the Chair regarding the most extraordinary and, in my judgment, unwarranted delay in disposing of the question of providing the City with an adequate incinerator plant for the disposal of garbage and rubbish. So far as I can see from the outlook, there is no relief in sight. The condition is apparently at a standstill. Whether there is some legal circumstance that creates that or not, I don't know.

As Will Rogers used to say, I only know what I read in the papers, but I do know, or I think I know this, that if Council wants to it can, by starting

this thing over again, put this problem in the way of solution, and that is by getting rid of the present legislation which has brought about the present circumstances and starting over under circumstances which will not permit of a repetition of our past experiences. To me it seems a very sensible thing to do, and it is with that end in mind I suggest getting it back into this body in such shape that the members may give expression to their will as to what they want done to get us out of what already is a very inexcusable situation as well as an extremely costly one to the taxpayers of this City.

Mr. **Gallagher** arose and said:

I second Mr. **McArdle's** motion and I heartily agree with his remarks and those of the Chairman. Five years ago we promised the people of the City of Pittsburgh a municipally owned incinerator plant. City Council voted in the majority to build the plant. As I see

it, we have been confronted with every obstacle that can be put in our way legally and technically, to prevent us from getting the incinerator. It seems that every move made is delayed and if Council doesn't take action by repealing previous legislation, we will never build.

I think it is time that Council does take some action to make progress toward owning our own incinerator plant. The citizens of the City of Pittsburgh have spent millions of dollars every year for the disposal of garbage and rubbish. Other cities have municipally owned plants and save the taxpayers considerable money, and I am heartily in favor of Mr. **McArdle's** proposal.

And the question recurring on the adoption of the motion.

The motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 1459. WHEREAS, The Treasury Department, United States Customs Service, requires the payment of duty for the importation of machinery into this country unless such machinery is to be used for educational purposes; and,

WHEREAS, The City of Pittsburgh and the Buhl Foundation have caused to be imported a Zeiss Planetarium Projector for use at the planetarium to be constructed in the City of Pittsburgh; and,

WHEREAS, The Treasury Department, United States Customs Service, requires the City of Pittsburgh, by the Mayor, to execute two bonds, without surety, in the amounts of \$67,179.00 and \$188,100, respectively, wherein the said City of Pittsburgh agrees not to sell or transfer said article or use the same for other than educational purposes, and to allow a reinspection at the time of the assembling of such Projector;

Now, therefore, be it

RESOLVED, That Cornelius D. Scully, Mayor of the City of Pittsburgh, be and he is hereby authorized and directed to execute and deliver two bonds, without surety, in the amounts of \$67,179.00 and \$188,100, respectively, to the Treasury Department, United States Customs Service, agreeing not to sell or transfer said Zeiss Planetarium Projector or use the same for other than educational purposes, and to allow a reinspection at the time of the assembling of such Projector, on forms prescribed by the Treasury Department, U. S. Customs Service, and approved by the City Solicitor.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

The Chair said:—

It occurs to me that the City of Pittsburgh is not the purchaser, is not the importer and is not the owner. Why, therefore, should the City of Pittsburgh give bond?

Mr. Garland said:—

The Buhl Foundation is the owner.

Mr. Wolk said:—

Don't we eventually become the owner?

The Chair said:—

At the end of twenty years or twenty-five years. There would be some financial obligation on the part of the City if some wrongful use was made of the machine.

Mr. Weir said:—

Mr. Chairman, the Buhl Foundation purchased this machine didn't it?

The Chair said:—

Yes, and remains the owner.

Mr. Wolk said:—

I suggest you call Miss Alpern.

Miss Anne K. Alpern, Assistant City Solicitor, appeared and said:—

In connection with the Buhl Foundation bond, I discussed this with Mr. Sterrett, and the machinery was sent to this Country with the City of Pittsburgh as consignee, to avoid all import on this machinery. The machinery, itself, is valued at around \$130,000.00, and the only purpose of consigning it in the name of the City of Pittsburgh is to avoid that tax.

Mr. Garland said:—

We are the eventual owners.

Miss **Alpern** said:—

You are the eventual owners, and only the bond states you will use it for educational purposes.

Mr. **Garland** said:—

There is no premium.

Miss **Alpern** said:—

There is no premium. The only thing the bond is for is that you will not use it for commercial purposes. And they want to be assured that they will be allowed to inspect it after it is assembled.

Mr. **Gallagher** said:—

Will that prevent them charging admission?

Miss **Alpern** said:—

Oh, no. But they are very anxious that it be signed today, because if it isn't signed today, they will not be able to lift it.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. **Weir** moved

That the Minutes of Council of Monday, August 1; Thursday, August 4, and Tuesday, August 9, 1938, be approved.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

Mr. McArdle presented

No. 1496.

September 2, 1938.

The President and Members of Council of the City of Pittsburgh.

Gentlemen:

There is submitted herewith a redraft of Bill No. 1439, being an Ordinance supplementing the Depository Ordinance. This bill was introduced on August 23, 1938, and is, I believe, ready for final action at the next meeting of Your Honorable Body.

The change embodied in the redraft submitted herewith permits the deposit of construction funds for P. W. A. projects into active and inactive accounts. Thus the surplus funds in these construction accounts may be deposited in inactive accounts bearing interest.

When this Ordinance was originally drawn, it was anticipated that the surplus funds in P. W. A. construction accounts would be negligible in amount, and further that the P. W. A. regulations would not permit of the deposit of construction funds in inactive accounts. However, it now appears that sometime within a month or six weeks after the letting of the first contract the City will receive from the P. W. A. a grant of twenty-five (25%) per cent of the full cost of each project, which in some cases will amount to a considerable sum. These funds in some cases will not be paid out for a period of several months. Therefore the deposit of these funds in an inactive account will result in a profit to the City in interest. The P. W. A. administrator has indicated his assent to this method of investing surplus funds in inactive accounts.

Therefore it is respectfully urged that this Bill No. 1439 be enacted as

redrafted in order to effect this saving to the City.

Very truly yours,
Anne K. Alpern,
First Assistant City
Solicitor.

Submitted by:

Bennett Rodgers,
Assistant City Solicitor.

Which was read, received and filed.

Mr. McArdle moved

To amend the bill in accordance with the recommendations of the Law Department as follows:

In Section 1, by striking out the words "grants of the United States Government funds shall have been received, shall be deposited in a special construction account identified as the construction account for that improvement, and further identified by the Docket Number assigned to that improvement by the United States Government in the offers of grant. All costs, charges and expenses necessary for and incident to each such public improvement shall be paid from the special construction account identified therewith", and by inserting in lieu thereof "grant of the United States Government funds shall have been received, shall be deposited in special construction accounts, identified as the construction accounts for that improvement, and further identified by the Docket Number assigned to that improvement by the United States Government in the offers of grant. Funds not at once needed for such public improvements shall be deposited in inactive construction accounts, bearing such interest and subject to such restriction as to notice of intent to withdraw as heretofore provided by ordinance. From such inactive accounts funds as needed shall be transferred to active accounts subject to immediate withdrawal and bearing no interest. All costs, charges and expenses necessary for and incident to each such public improvement shall be paid from the active construction account identified therewith", and by striking out the words "such special construction accounts shall bear no interest and shall be subject to immediate withdrawal. The", and by inserting in lieu thereof "the".

Which motion prevailed.

And the bill having been printed and placed on the members' desks as amended,

Mr. McArdle moved

A suspension of Rule 8, providing for the mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by Council.

Which motion prevailed.

And the bill was agreed to on second reading as amended.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Gallagher	Weir
Garland	Wolk
McArdle	O'Toole (Pres't)

Ayes 6 Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Gallagher (for Mr. Demmler) also presented

No. 1497. Report of the Committee on Finance for August 24, 1933, transmitting two ordinances and a resolution to Council.

Which was read, received and filed.

Also

Bill No. 1432. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to file application to the United States of America through the Federal Emergency Administration of Public Works for a grant to aid in financing the construction and erection of a municipal incinerator plant within the limits of the City of Pittsburgh, and designating the Director of the Department of Public Works to furnish such information as the Government may request, and repealing Ordinance No. 428, approved December 4, 1936".

In Finance Committee, August 23, 1938, bill read and amended in Section 1, as shown in red and, as amended, ordered returned to Council, with an affirmative recommendation.

Which was read.

Mr. Gallagher moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

September 5, 1938

SUBJECT: Municipal Incinerator Plant
Bill No. 1432

President and Members of Council,
City of Pittsburgh.

Gentlemen:

The Committee on Finance, at its meeting held August 25, 1938, affirmed Bill No. 1432, as amended to increase the total cost from \$715,000, as set up in the form of the Bill as submitted by this Department, to \$1,000,000 for the purpose, as we understand it of having application cover a 900 ton plant.

The estimates of cost for the various items involved have been reviewed since the aforesaid Bill was prepared, and it is now found that \$1,100,000 should be fixed as the estimated cost for a 900 ton plant.

The review of the estimates also indicates that the cost of the 600 ton plant, if constructed under a P. W. A. Program, should be increased to \$800,000; whereas the cost of a 300 ton plant would be \$480,000, so that if separate 600 and 300 ton plants were to be constructed, the total cost would be \$1,280,000.

Your honorable body is requested to consider the advisability of amending the aforesaid Bill No. 1432 to this total figure for two separate plants in order to permit of filing the application on such basis and thereby be in the most favorable position to construct for 900 ton capacity on either basis.

If the Bill is finally enacted to fix the estimated cost at \$1,280,000, the Department contemplates filing an application for the construction of a 600 ton plant and a 300 ton plant in separate locations; and if an offer of grant is made on such application, Council could later make a decision as to the construction of plants in two locations or

of constructing a single 900 ton plant without being affected by the time element that limits the filing of applications for grants of Federal aid to September 30th for the reason that if it were later decided to build a single 900 ton plant, the grant offer can be modified by the approval of a change order of the project at any reasonable time after September 30th.

In view of the foregoing, it is recommended that the aforesaid Bill No. 1432 be amended by increasing the total cost to a sum not to exceed \$1,280,000; and further, that the word "plant", as appearing in the title and section one of the Bill be amended to read "plant, or plants".

Yours very truly,

F. M. Roessing,
Director.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

No. 1526.

September 10, 1938

The Honorable, The Council
of the City of Pittsburgh.
Gentlemen:

In connection with your request that we advise Your Honorable Body whether Bill No. 1483, "An Ordinance authorizing the elimination of unsafe or insanitary dwellings in the City of Pittsburgh, approving a form of contract with the Housing Authority of the City of Pittsburgh with respect thereto, and authorizing the execution of said contract." is approved as to form and whether it covers the provisions of the old legislation with the exception of a change in the number of dwellings embraced in the project and the number of unsafe dwellings to be demolished, we beg to advise you as follows:

This ordinance is a reenactment of Bill No. 377, which was enacted by Your Honorable Body and approved by the Mayor on March 9, 1938. The only

change effected by Bill No. 1483 is in connection with the number of low-rent dwellings embraced in the housing project, which is changed from 1800 dwellings to 3000 dwellings. Predicated upon this change in the number of dwellings embraced in the housing project, the City agrees to eliminate an equal number of unsafe and insanitary dwellings, the original number of unsafe and insanitary dwellings to be eliminated by the City being 1800, which is now changed to 3000.

The balance of the ordinance is identical with Bill No. 377 and in no manner changes the responsibility of the City. The ordinance was reenacted rather than amended because of the difficulty of amending an ordinance containing so many "Whereas" clauses and of readily identifying the changes.

Very truly yours,

Anne X. Alpern,
First Assistant City
Solicitor.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Gallagher	Weir
Garland	Wolk
McArdle	O'Toole (Pres't)

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1486. Resolution designating the depositories for the deposit of money of the City of Pittsburgh for construction accounts for public improvements, upon which offers of grant have been received from the Federal Emergency Administration of Public Works, for the year 1938, as follows:—

Allegheny Trust Company

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 1574. Whereas, The City of Pittsburgh is a party to the Natural Gas Rate case protesting the tariff of The Peoples Natural Gas Company in the City of Pittsburgh now pending before The Pennsylvania Public Utility Commission; and,

Whereas, The said Peoples Natural Gas Company has recently applied to said Commission for approval of its merger and consolidation with The Columbia Natural Gas Company; and,

Whereas, The said merger will affect the future rates of The Peoples Natural Gas Company; Now, Therefore, be it

Resolved, That the City Law Department be directed to oppose said merger of the Natural Gas Companies.

Which was read.

Mr. Gallagher moved

The adoption of the resolution. Which motion prevailed.

The Chair presented

No. 1575.

Pittsburgh, Pa.,
September 17, 1938.

President and Members,
The City Council,
City-County Building,
Pittsburgh, Pennsylvania.
Gentlemen:—

Herewith find returned without my approval, Bill No. 1431.

This bill repeals the presently enacted legislation upon which such progress as has already been made on the question of the incinerator is based.

I have signed Bill No. 1432, authorizing the application to the Public Works Administration for a grant on an incinerator, and, to protect the rights of the City in view of the very brief time available, have had the Works Department prepare and file an application upon a design which, in the opinion of this department, would be adequate.

The effect of vetoing Bill No. 1431 will be to preserve the City's right to determine the legality of the proposed award of contract should the Federal grant be not forthcoming.

This will not interfere, as I see it, with your deliberations on the choice of a consultant, nor, should you arrive

at an early agreement from carrying the repealer over my veto.

Very truly yours,

Cornelius D. Scully,
Mayor.

Which was read.

Also

Bill No. 1431. An Ordinance entitled, "An Ordinance repealing Ordinance No. 416, approved November 24, 1936, entitled, 'An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Health to advertise for proposals, and, subject to approval by Committee on Health and Sanitation of City Council, to award a contract or contracts for the construction and/or operation of an incinerator plant or plants and/or for the collection and disposal of garbage and household rubbish within the limits of the City of Pittsburgh, and/or for the disposal at or from designated points of garbage and household rubbish for the term of one or more years and at a fixed annual cost', as amended and supplemented".

In Council, September 6, 1938, bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. Wolk moved

At the conclusion of the business of this meeting that Council recess until Wednesday September 21, 1938, at 12:45 o'clock P. M., (E. S. T.).

Which motion prevailed.

Mr. McArdle moved

That the communication and bill lay over until the recess meeting of September 21, 1938.

Which motion prevailed.

The Chair presented

No. 1576. Whereas, In connec-

tion with the Allegheny County Sesquicentennial celebration, there will be held on Friday, September 23, 1938, on the rivers, elaborate events consisting of water parades, speed boat races, water pageants, etc.; and,

Whereas, Said events will likely attract a large number of persons to witness them; and,

Whereas, It is desirable, for the accommodation of the public and to prevent traffic congestion on streets in the neighborhood of the rivers, that proper and adequate space be furnished for the public to witness said events; and,

Whereas, A large part of the wharves is customarily devoted to the public parking of automobiles, which parking will seriously interfere with the witnessing of said events; Now Therefore,

Be it Resolved, That the City Treasurer be, and he is hereby authorized and directed to close the Monongahela River Wharf between the Smithfield Street Bridge and The Point, and the Allegheny River Wharf between the Point and the Sixth Street Bridge, to public parking on Friday, September 23, 1938, between the hours of 7:00 A. M. and 7:00 P. M., Eastern Standard Time.

Which was read.

Mr. Anderson moved

The adoption of the resolution.

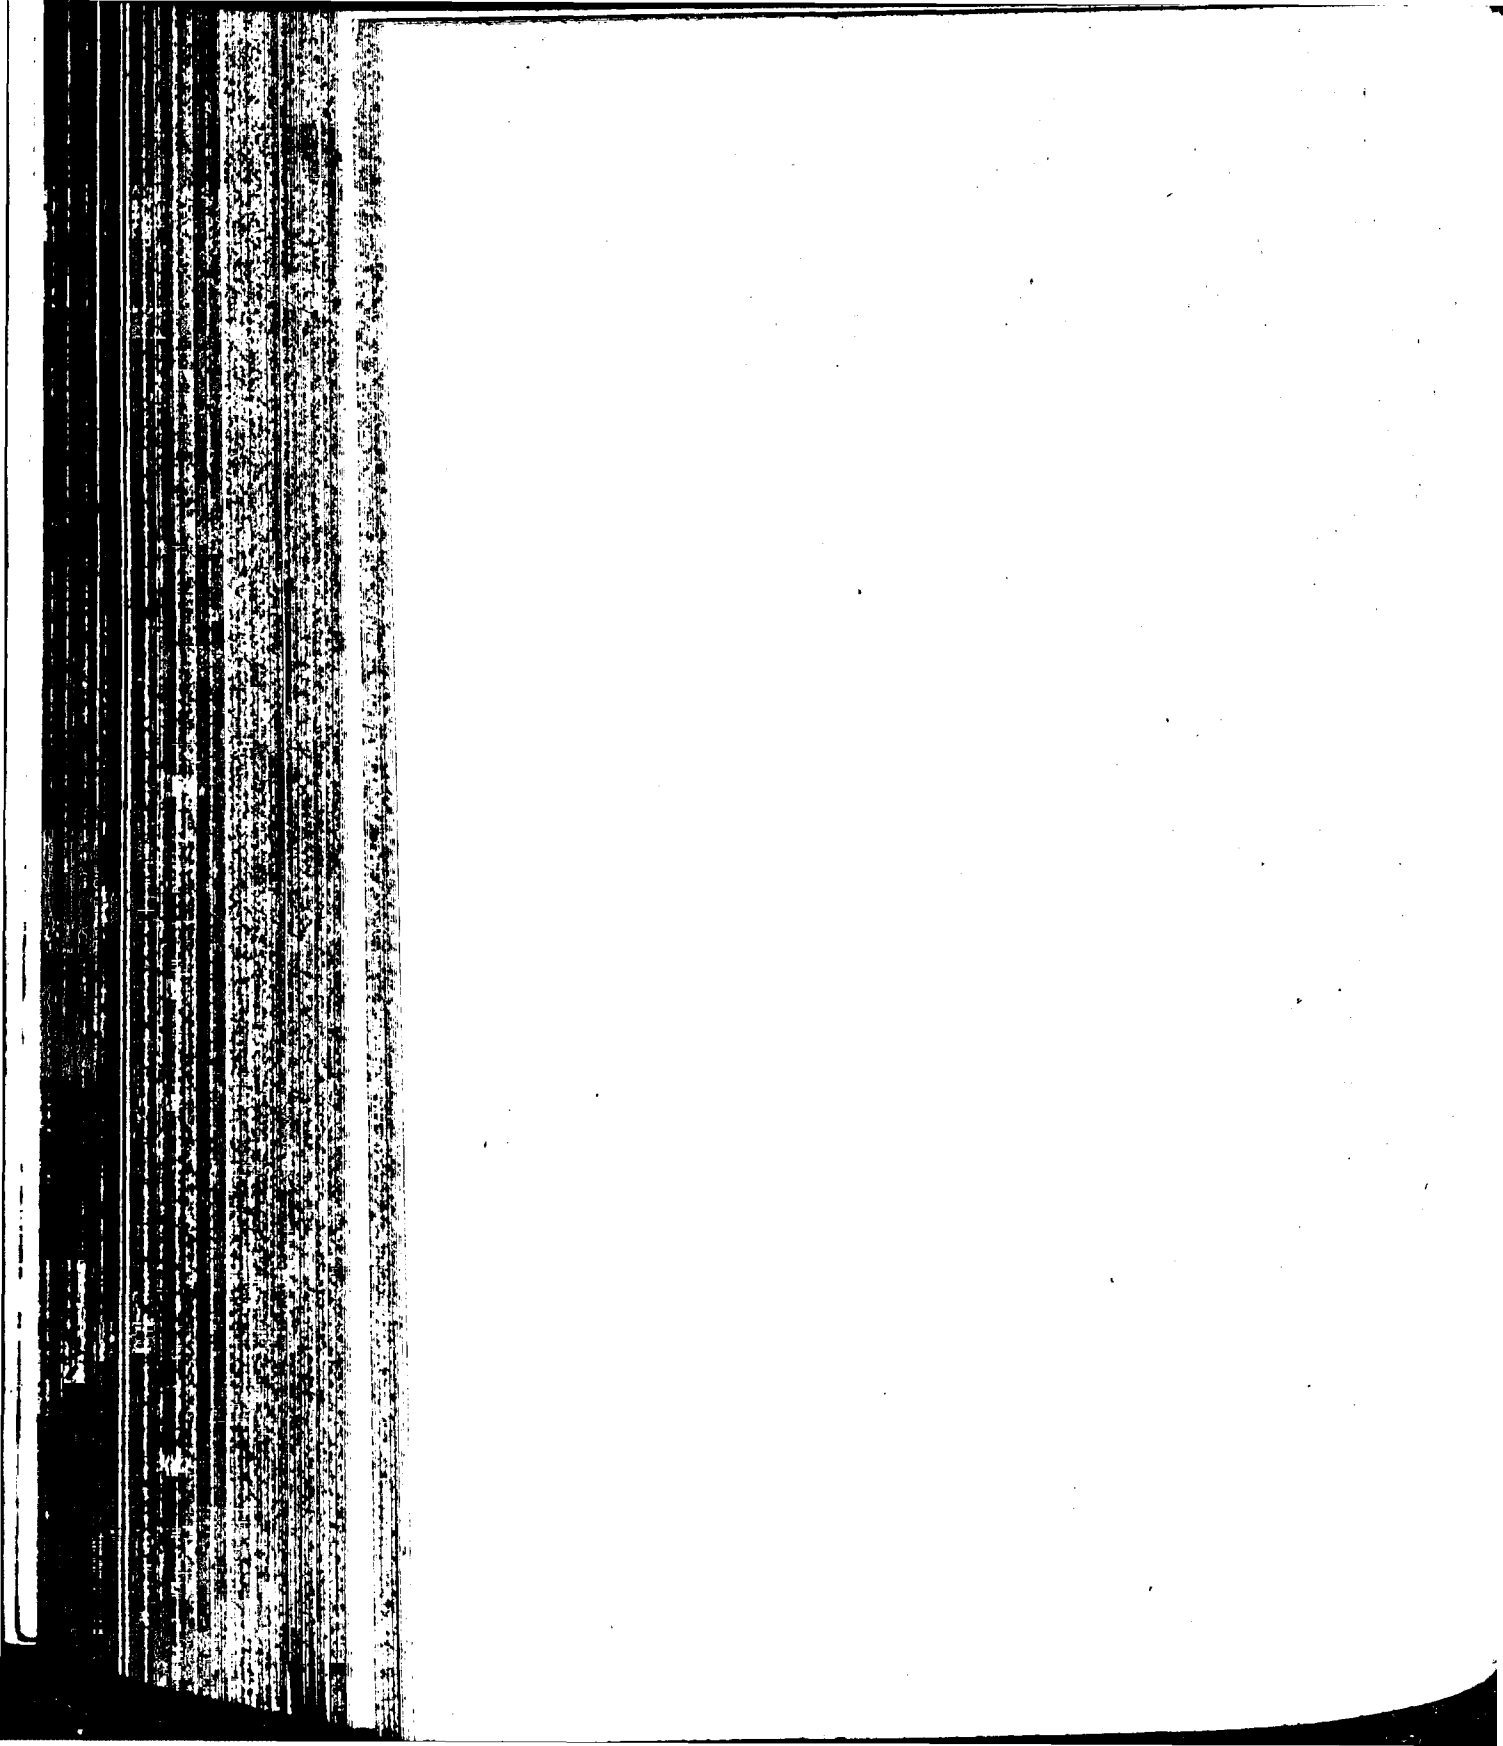

Which motion prevailed.

Mr. McArdle asked

That the City Treasurer furnish adequate notice of the closing of the wharf parking on Friday, next.

And there being no further business before the meeting, the Chair declared a recess until Wednesday, September 21, 1938, at 12:45 o'clock P. M., (E. S. T.)

And Council recessed.
